MESSAGE FROM THE CHANCELLOR

Professor L. L. Ratnayake
Chancellor & Chairman - SLIIT

**BSc Eng. (Hons) (Sri Lanka),
MSc (Birmingham), DSc (h.c), CEng, FIE (Sri Lanka)
Int. PE (Sri Lanka), FCILT (London), FNASSL**

Dear Student,

Welcome to SLIIT, an institution where curiosity is encouraged and where the work you undertake extends far beyond the classroom. Our multi-disciplinary degree programmes prepare you for a career of your choosing, with 98% of our graduates reporting employment within six months of graduation.

What you will find here is not merely a degree programme, but a community of 25,000 individuals, shaped by those who ask “what if” before considering limitations. We cultivate advanced teaching and learning environments that inspire both faculty and students to explore their fullest potential. Our staff, including Stanford-Elsevier-listed scientists ranked among the top 2% globally in their fields, together with leading industry practitioners, ensure that our students do not wait for the future to arrive — they spend their years here building it.

Through research and industry partnerships, and the practice of applying knowledge almost as soon as it is acquired, our students embody a spirit of doing, not only studying. We believe this is what defines a SLIIT education.

We are living through a period of extraordinary change in technology, industry, and the way the world operates. SLIIT’s purpose is to ensure that our students do not simply keep pace with this change but help shape it. Over 50,000 SLIIT alumni carry this legacy forward, with many recognised as industry pioneers and innovators leading their fields in Sri Lanka and abroad.

Wherever you are starting from, there is a place for you here. SLIIT’s role is to nurture excellence and unlock potential from every part of Sri Lanka, whether you join us at our campuses and centres in Colombo, or in Kandy, Jaffna, Matara, or Kurunegala.

Our vision of excellence extends to the development of the whole individual. We are committed to shaping students into leaders equipped with advanced human skills — effective communication, the ability to collaborate within diverse teams, and the confidence to face challenges — skills that remain indispensable and irreplaceable by artificial intelligence in tomorrow’s professional world.

I invite you to take the next step and become part of SLIIT’s growing and vibrant community. Our doors remain open to all who possess the determination and courage to be part of the legacy we continue to build.

MESSAGE FROM THE VICE CHANCELLOR

Professor Lalith Gamage
Vice Chancellor/Chief Executive Officer

BSc Eng, MSc, PhD, FBCS, CEng, MIE (SL), CITP
Affiliate Professor - University of British Columbia,
Canada
Adjunct Professor - Curtin University, Australia

I warmly welcome our new students who are beginning their higher education at SLIIT, and those returning for a new academic year. For our new students in particular, this marks the beginning of an exciting new chapter, bringing new experiences, opportunities and challenges. I encourage you to make the most of your time at SLIIT, both inside and outside the classroom, as you work towards achieving your aspirations.

We remain committed to providing quality higher education that prepares our students for a rapidly changing world. SLIIT is home to Sri Lanka's first Degree in AI, alongside other pioneering initiatives in higher education. We continue to strengthen our academic programmes and learning environment to ensure that our students gain the knowledge, skills and practical experience needed to succeed in their chosen fields.

We believe that university life extends beyond the classroom. Through academic, professional, extracurricular and community activities, our students are encouraged to develop leadership, creativity, teamwork and confidence. We continue to provide opportunities and facilities that support our students in learning, exploring their interests and making the most of their university experience.

As you begin this important chapter, I encourage you to embrace new experiences, challenge yourself and make the most of every opportunity that comes your way. When you join SLIIT, you become part of a community that values achievement, innovation, integrity and lifelong learning.

I wish you every success in your academic journey and look forward to seeing you grow, achieve and realise your aspirations.

EVOLVE BEYOND

SLIIT (Sri Lanka Institute of Information Technology) is changing the landscape of higher education in Sri Lanka. Consistently putting graduates at the top of their fields since 1999, SLIIT today is ranked as the country's best non-state university by Times Higher Education 2026.

With campuses across the country, SLIIT is the home of pioneering research and cutting-edge education initiatives in Digital Technology, Business, Engineering, Humanities and Sciences, Health, and Hospitality. Reputed for delivering industry-built curricula, teaching is led by industry pioneers, academics, and patent-awarded researchers listed among Stanford-Elsevier's Top 2% Scientists worldwide. The 25,000 - strong student body graduates into a pool of 50,000+ alumni who are behind some of the world's groundbreaking work in technology and innovation. Fostering this spirit, SLIIT earned its place as the first Sri Lankan member of the Global Alliance of Entrepreneurial Universities (GAEU).

This industry alignment drives a 98% employability rate, reinforcing SLIIT's role in shaping Sri Lanka's next generation of innovators.

RESEARCH WITH IMPACT

SLIIT has built a robust research enterprise recognised at both national and international levels. The SLIIT Office of Research Services, under the portfolio of the Senior Deputy Vice-Chancellor and Provost, manages and supports all research activities across the institution — running the annual Internal Research Grant Competition, organising skills-building workshops for researchers and graduate students, and fostering industry engagement. The office also drives collaborations with international universities, maintains the research website, shares funding opportunities, monitors research metrics, and hosts annual research awards and related events. Complementing this, the Sri Lanka Technology Incubator — the “Concept Nursery” — offers state-of-the-art facilities and mentorship to help start-ups turn promising projects into successful ventures. Together, these initiatives reflect SLIIT’s commitment to research excellence, industry collaboration, and national development.

- SLIIT’s research has earned international recognition: 1st in Sri Lanka in the AD Scientific Index World Young University Rankings 2025, 4th by the SCImago World Rankings 2025, and 4th by ScholarGPS 2025 for Research.
- Produced over 400 Scopus-indexed publications in 2025 alone, and more than 1,500 over the past five years.
- Six SLIIT academics rank among the world’s top 2% of researchers in the Stanford–Elsevier Rankings — a testament to the institution’s academic excellence.
- Secured over LKR 60 million in World Bank–funded projects under the Accelerating Higher Education Expansion and Development (AHEAD) initiative, supporting research development and commercialisation.
- Plays a leading role in the EU’s Erasmus ENSURE Project on sustainable energy, and has also benefited from the Erasmus+ Three Lanka Project.
- Established Centres of Excellence — including the Centre of Excellence in Artificial Intelligence (CEAI) and the Centre of Excellence in Informatics, Electronics & Transmission (CEIET) — to drive high-impact research.
- Researchers benefit from modern laboratories in Engineering, Computing, and Biotechnology, equipped with advanced tools and facilities.
- Offers internal research grants and annual research excellence awards to encourage innovation, alongside funding for conference travel and open-access publications to boost international visibility.
- Academic staff have access to sabbatical leave to pursue advanced research and postgraduate studies abroad.
- Offers research-based postgraduate degrees, including MPhil and PhD programmes across Computing, Engineering, and Business.
- Offers a wide range of taught postgraduate programmes with research components, including MSc in IT, AI, Cyber Security, Enterprise Applications Development, Information Systems, and Information Management, alongside the MBA and Master of Education (available in Sinhala, Tamil, and English medium).
- Undergraduates gain hands-on research exposure through compulsory final-year projects, building practical experience in research methodologies and problem-solving.
- Conducts split PhD programmes with international partners, expanding opportunities for collaborative research and academic mobility.
- Maintains partnerships with leading global universities — including the University of Edinburgh, the University of Western Australia, the University of Queensland, Curtin University, and others — enabling joint research, staff and student exchanges, internships, and joint publications.
- Supported by a well-established Honorary Professors’ Network, connecting students and staff with globally renowned academics and research mentors.

SLIIT COMMUNITY

Our academic experience is enriched by a wide range of social and cultural events organised by student societies.

**WE BELIEVE ACADEMIC WORK
IS BEST COMPLEMENTED BY ACTIVE
PARTICIPATION IN EXTRA-CURRICULAR
AND CO-CURRICULAR ACTIVITIES,
AND SLIIT PROVIDES AMPLE
OPPORTUNITIES FOR STUDENTS
TO GET INVOLVED.**

All students begin their journey with orientation courses designed to strengthen English language, mathematical, and computer skills — helping shape well-rounded, polished individuals from day one. As all SLIIT programmes are conducted in English, the English language course is especially valuable in preparing students for their studies.

Student counselling and guidance services are also available, offering support to students facing personal or professional challenges that could affect their development.

TRANSFER PATHWAYS

If you are considering transferring to an international university to pursue a degree abroad, we offer a variety of flexible transfer pathways. These include our 1+2, 2+1, and 2+2 transfer programs in collaboration with prestigious universities in Australia, Canada, the UK, the USA, New Zealand, France and Italy. These arrangements allow you to begin your studies locally and complete the remainder of your degree at one of our partner institutions, providing you with a seamless and enriching international academic experience. Students who wish to pursue their postgraduate studies overseas are also presented with options. Explore these opportunities to broaden your horizons and enhance your global education journey.

FACULTY OF COMPUTING

The Faculty of Computing (FoC) at SLIIT has a proven track record of preparing students for the fast-evolving world of technology. Degrees include Software Engineering, Data Science, Computer Science and Computer Systems Engineering, Cyber Security, Creative Computing and Computer Systems and Network Engineering. The Information Technology Degree offers specialisations in Artificial Intelligence and Information Technology — ensuring every student's passion finds its path.

Degrees are globally recognised and approved by the Ministry of Education and the University Grants Commission, with access to Deakin University and The University of Queensland, plus pathways to partner universities across the UK, USA, Canada, and Australia. Affiliations with the ACU and IAU ensure programmes meet international standards.

The curriculum blends theory with practical experience through advanced labs, strong internships, and expert lecturers. New degrees in Computer Science and Computer Systems Engineering reflect the faculty's continued innovation.

The Faculty of Computing doesn't just teach technology — it empowers students to shape their future.

GRADUATES, THIS IS THE PATH.**

BSc (HONS) IN INFORMATION TECHNOLOGY SPECIALISING IN

ARTIFICIAL INTELLIGENCE

ABOUT THE PROGRAMME

This specialisation prepares students for an early career in Artificial Intelligence, covering roles connected directly and indirectly to AI and Machine Learning.

Students gain hands-on experience developing and deploying AI solutions across various industry verticals, along with a mandatory six-month industry placement after their second year.

CAREERS

- Machine Learning Engineer
 - Data Scientist
 - AI/ML Developer
- AI Product Manager
- Robotics Engineer
- AI Ethics Specialist
 - NLP Engineer
- Computer Vision Engineer
 - AI Solutions Architect
 - Big Data Engineer
 - AI Trainer

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 “S” passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 “S” passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 “D” passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete of the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/ Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

**IF YOU WANT TO BE WITHIN THE
TOP 5% OF SRI LANKAN TECH
GRADUATES, THIS IS THE PATH**

BSc (HONS) IN CYBER SECURITY

ABOUT THE PROGRAMME

Focuses on protecting computers, networks, programs, and data from unauthorised access, change, or destruction. Key areas include information governance, risk assessment and management, secure software development and security architecture, security testing and assurance, secure operations, vulnerability assessment, incident management, digital forensics, and security audit.

The programme provides in-depth education with a strong focus on leadership and ethics, extending beyond programming and network administration to cover data protection, legal and compliance requirements, strategic cybersecurity management, penetration testing and digital forensics. Students undertake a mandatory six-month industry placement after their second year.

CAREERS

- Cybersecurity Analyst
- Network Security Specialist
- Security Operations Manager
 - SOC Analyst
- Incident Response Analyst
- Threat Intelligence Analyst
 - Security Architect
- Risk Analyst / Risk Manager
- Digital Forensics Investigator

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 “S” passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 “S” passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/ Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

**OUR SYLLABUS IS BUILT BY THE
INDUSTRY, FOR THE INDUSTRY**

BSc (HONS) IN
**COMPUTER
SYSTEMS & NETWORK
ENGINEERING**

ABOUT THE PROGRAMME

This programme focuses on designing, developing, and maintaining computer networks and data communication systems, along with the services required for a secure enterprise network infrastructure. Key knowledge areas include network design and management, IT telecommunications convergence, embedded systems, computer hardware and software, real-time systems, and technical support.

Students build strong theoretical and practical grounding in computer network engineering, systems administration, embedded systems engineering, and cloud computing technologies, alongside a wide range of soft skills. Students undertake a mandatory six-month industry placement after their second year.

- Network Engineer
- Network Administrator
- Systems Engineer
- Systems Administrator
- Cloud Systems Engineer
- DevOps Engineer
- Security Engineer
- Infrastructure Engineer
- Network Architect
- Virtualisation Engineer
- Backup and Storage Engineer

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 “S” passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 “S” passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 “D” passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

OUR SYLLABUS IS BUILT BY THE
INDUSTRY, FOR THE INDUSTRY

BSc (HONS) IN SOFTWARE ENGINEERING

ABOUT THE PROGRAMME

Turn your passion for technology into a career that shapes the future. This programme equips you with the knowledge and practical skills to design, develop, and maintain innovative software solutions for real-world challenges, from mobile apps and web platforms to large-scale enterprise systems used by millions worldwide or intelligent agentic applications. You will gain hands-on experience across the entire domain, learning how to transform ideas into high-quality software products using novel trends like Artificial Intelligence. Key areas of study include requirements engineering, object-oriented analysis and design, full-stack web and mobile development, cloud computing, enterprise systems, software security & quality assurance, UI/UX design, and industry best practices. With a strong blend of theory and practical application, this programme prepares you for exciting careers in software engineering. Graduate with the confidence to build innovative digital solutions and make an impact in today's fast-evolving technology industry.

Students undertake a mandatory six-month industry placement after their second year.

CAREERS

- Software Engineer
- Mobile Application Engineer
 - UI/UX Engineer
 - Full Stack Developer
- Web Application Developer
 - DevOps Engineer
- Machine Learning Engineer
- Quality Assurance Engineer
 - Cloud Software Engineer
 - Site Reliability Engineer
- Machine Learning Engineers
 - DevSecOps or DevOps
 - Product Engineers

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR Minimum of 3 "S" passes in any stream (other than the Physical Science/Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 "D" passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/ Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Students are required to complete all modules up to year 2 to proceed to year 3.

Applicants should pass the Aptitude Test conducted by SLIIT.

OUR SYLLABUS IS BUILT BY THE
INDUSTRY, FOR THE INDUSTRY

BSc (HONS) IN CREATIVE COMPUTING

ABOUT THE PROGRAMME

This programme produces computing professionals skilled in creative computing, equipped to build next-generation multimedia applications, AR/VR solutions, products, and systems.

Designed for the rapidly evolving, media-based creative industries, it covers both technical and applied aspects — including design ideation, 3D modelling and animation, digital video production, digital image processing, UI engineering, and game development.

Students undertake a mandatory six-month industry placement after their second year.

CAREERS

- UX/UI Engineer
- Visual Concept Designer
- Game Technologist
- Game Designer/Developer
 - Web Developer
 - Creative Director
 - Production Manager
- Mobile Application Developer
 - 3D Modeler
 - 2D/3D Animator
- Digital Marketing Specialist
- Advertising Media Specialist
 - Interactive Designer
 - Cinematographer
- Video/Visual Production Specialist
- Audio Production Specialist
- AR/VR Developer

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 “S” passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 “S” passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 “D” passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

BSc (HONS) IN INFORMATION TECHNOLOGY SPECIALISING IN

INFORMATION TECHNOLOGY

ABOUT THE PROGRAMME

This programme combines theory with hands-on expertise in managing both an organisation's IT infrastructure and its users. Graduates can develop, select, integrate, and maintain hardware and software solutions suited to organisational needs.

Designed for technically focused students, it builds a strong foundation across programming, software engineering, networking, database management, operating systems, web technologies, and human computer interaction — alongside exposure to systems administration, technical support, project management, and business fundamentals.

Students undertake a mandatory six-month industry placement after their second year.

CAREERS

- ICT Infrastructure Engineer
- Information Assurance Engineer
 - Software QA Engineer
 - Software Engineer
 - Network Engineer
 - DevOps Engineer
 - UI/UX Engineer
- Project Coordinator
 - Business Analyst
 - IT Manager
 - IT Educationist

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 "S" passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 "D" passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/ Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

INDUSTRY, FOR THE INDUSTRY**

BSc (HONS) IN DATA SCIENCE

ABOUT THE PROGRAMME

Data Science professionals identify relevant questions, gather data from diverse sources, and translate results into solutions that positively influence business decisions. This curriculum equips students with the knowledge and skills to become effective professionals across machine learning, big data technologies, cloud computing, IoT, database systems, data engineering, programming, data visualisation, and statistical modelling.

Grounded in computer science, statistics, and applied mathematics, and built around real-world examples, the programme prepares graduates for specialised roles spanning data pipelines, storage, statistical analysis, and data storytelling. Students undertake a mandatory six-month industry placement after their second year.

CAREERS

- Data Engineer
- Business Intelligence Engineer
 - Data Scientist
- Software Engineer
- Big Data Engineer
 - Data Analyst
 - Data Architect
- Database Administrator
- Machine Learning Engineer
- Big Data Application Developer
 - DevOps Engineer
- Data Science Specialist

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 “S” passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 “S” passes in any stream (other than the Physical Science/Engineering Technology streams) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 “D” passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND successfully complete of the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/ Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should pass the Aptitude Test conducted by SLIIT.

Students are required to complete all modules up to year 2 to proceed to Year 3.

**IF YOU WANT TO BE WITHIN THE
TOP 5% OF SRI LANKAN TECH
GRADUATES, THIS IS THE PATH**

BSc (HONS) IN COMPUTER SCIENCE

ABOUT THE PROGRAMME

This programme builds strong analytical and quantitative skills across mathematics, programming, software engineering, and research, with focus areas in algorithm design, intelligent systems, parallel computing, and computational science.

Beyond core software engineering fundamentals, graduates learn to build their own tools, frameworks, and algorithms, applying advanced methods in fault-tolerant design, code optimisation, and high performance computing.

Students undertake a mandatory six-month industry placement after their second year, with specialisations offered from Year 3 based on CGPA, interest, and an interview.

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 “S” passes in the Physical Science Stream (Combined Mathematics, Physics & Chemistry or ICT) AND pass the Special Aptitude Test conducted by the Faculty of Computing.

Cambridge/Edexcel A/Ls: Minimum of 3 “C” passes (Covering Mathematics, Physics & Chemistry or Computer Science/IT) AND pass the Special Aptitude Test conducted by the Faculty of Computing.

CAREERS

- Computer Scientist
- High Performance Computing Specialist
 - Computational Specialist
 - AI/ML Specialist
 - Software Engineer
 - Data Scientist
 - Academia
 - Researcher
- Computer Vision Engineer
 - Robotics Engineer

OUR SYLLABUS IS BUILT BY THE
INDUSTRY, FOR THE INDUSTRY

BSc (HONS) IN
**COMPUTER
SYSTEMS
ENGINEERING**

ABOUT THE PROGRAMME

This programme produces graduates with strong analytical and quantitative skills, backed by comprehensive knowledge of electronics, mathematics, computer systems, and system modelling.

Students build core expertise in both software and hardware systems, alongside foundations in mathematics, communication, and project management. Given the rapid evolution of the field, graduates are equipped with the skills required for continuous professional learning.

Students undertake a mandatory six-month industry placement after their second year.

ENTRY REQUIREMENTS

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: A minimum of two “C” passes and one “S” pass in the Physical Science stream, covering Combined Mathematics, Physics and Chemistry, and pass the Special Aptitude Test conducted by the Faculty of Computing.

Cambridge/Edexcel A/Ls: A minimum of two “B” passes and one “C” pass in Mathematics, Physics and Chemistry, and pass the Special Aptitude Test conducted by the Faculty of Computing.

YOUR DEGREE PATHWAYS

CODEFEST is SLIIT's national initiative to promote ICT knowledge, innovation and technological skills among school and university students across Sri Lanka. Organised by the Faculty of Computing in collaboration with the Ministry of Education, Sri Lanka, the programme serves as a CSR initiative aimed at strengthening ICT awareness and participation islandwide.

Recognised as a national ICT competition since 2012, CODEFEST provides students with opportunities to showcase their talents through a wide range of competitions in coding, artificial intelligence, cybersecurity, networking, innovation and emerging technologies. With increasing participation and an expanding range of competition categories, CODEFEST has become a highly anticipated event among schools and higher-education institutions nationwide.

ICAC (International Conference on Advancements in Computing), organised by the Faculty of Computing, is a two-day conference featuring paper presentations, workshops, and keynote speeches. It serves as a platform for national and international researchers to showcase their work, network, and build collaborations. Nearly 100 technical papers are presented, selected at an acceptance rate of close to 35%, and published in IEEE Xplore with Scopus indexing.

The conference has positioned Sri Lanka as a destination for academic conferences, driving international participation and collaboration, while contributing to advancements in agriculture, technology, healthcare, and education that support the country's economic growth and sustainability.

OUR STUDENTS, OUR PRIDE

SLIIT gave me the knowledge and opportunities that shaped my journey to a leadership role at a global IT firm. It strengthened my skills, confidence, and perseverance, proving the transformative power of education and hard work.

Dr. Upendra Pieris
Founder & CEO - Orel IT

SLIIT gave me a strong foundation to grow as an entrepreneur, innovator, and programmer. Supportive lecturers and globally competitive programmes helped me develop my talents and gain internationally recognised qualifications in Sri Lanka.

Mr. Chamira Jayasinghe
SLIIT - Faculty of Computing
Founder / CEO - Arimac

SLIIT gave me the strong foundation and experience that shaped my journey to becoming a Software Development Manager at Amazon. Its supportive environment and industry-focused curriculum helped me build the skills and confidence to grow as a software professional and leader.

Dr. Chathuranga Manamendra
Software Development Manager
– Amazon

SLIIT gave me the strong foundation and confidence to launch my career in global finance and technology. Working at leading investment banks in London taught me the value of continuous learning, adaptability, and staying ahead of change.

Mr. Dimuthu Ratnayake
SLIIT - Faculty of Computing |
Vice President Senior Equity Trader -
Northern Trust Corporation

SLIIT gave me more than academic knowledge; it taught me adaptability, teamwork, leadership, and confidence. Through hands-on learning and involvement in the Student Interactive Society, I developed strong communication and event management skills. These experiences shaped my career and instilled in me the value of continuous learning and adaptability.

MS. Nini Weerasekara
Digital Marketing Specialist at Informa, UK

SLIIT BUSINESS SCHOOL

Business management today is competitive, fast-moving, and increasingly multidisciplinary. The professionals who thrive in it are the ones who can adapt, think critically, use technological tools including AI, and lead with confidence. SLIIT's BBA Honours degree is designed to get you there.

Throughout the programme, you'll bridge theory and practice, developing the communication, analytical, and problem-solving skills employers look for. More than technical know-how, we focus on shaping graduates with the right mindset — professionals ready to work as specialists and lead within their industry from day one. Your degree is awarded by SLIIT, approved by the Ministry of Education, Sri Lanka and the University Grants Commission. SLIIT is a member of the Association of Commonwealth Universities (ACU), the International Association of Universities (IAU), and the Association to Advance Collegiate Schools of Business (AACSB) placing SLIIT Business School among an elite group of institutions worldwide with this recognition.

You can complete the full 4-year BBA Honours degree at SLIIT, or explore a range of international pathways. Study offshore programmes from Liverpool John Moores University or Manchester Metropolitan University, right here on campus in Sri Lanka. Spend your first year at SLIIT and your final two years at the University of Queensland, Australia — experiencing life at a top-ranked university while completing your degree. Continue your studies at one of SLIIT's partner universities in Canada, New Zealand, or Italy. Wherever you choose to complete it, your journey starts here.

**SLIIT BUSINESS SCHOOL
AACSB ALIGNED, 98% GRADUATE
EMPLOYABILITY**

**BBA (HONS) SPECIALISING IN
BUSINESS
ANALYTICS**

ABOUT THE PROGRAMME

The Business Analytics programme is officially recognised by the Institute of Analytics (IoA), UK. As businesses generate ever-growing volumes of data, organisations need skilled professionals who can turn that data into insight — driving faster, smarter decision-making and giving data-driven companies their competitive edge.

This programme equips you to apply quantitative analytical models to large-scale business data, developing the technical and analytical skills to optimise processes and inform strategic decisions. You'll graduate as a hybrid analyst: someone who understands both the technology and the business context behind the numbers, with the judgement to act on them.

With major organisations increasingly adopting data-driven, technology-focused approaches, demand for skilled Business Analytics graduates continues to grow — and you'll be ready to meet it.

CAREERS

BBA (HONS) SPECIALISING IN

HUMAN CAPITAL MANAGEMENT

ABOUT THE PROGRAMME

This four-year Human Capital Management degree goes beyond traditional HR, preparing graduates as human capitalists equipped to manage people strategically, both nationally and internationally. The programme builds a strong theoretical foundation in HCM alongside related business disciplines, while developing the soft skills, ethical judgement, and social awareness needed to thrive across diverse industries.

Blending theory with practical insight into both the soft and hard dimensions of human capital, graduates emerge ready to step confidently into HCM roles from day one.

As organisations increasingly recognise the strategic value of HCM, demand for skilled professionals — and the pay that comes with it — continues to rise, giving graduates excellent career prospects ahead.

BBA (HONS) SPECIALISING IN ACCOUNTING & FINANCE

ABOUT THE PROGRAMME

This programme offers a well-rounded grounding in Accounting and Finance, blending core theory and practice — embedded with IT — with the topical issues shaping today's financial world. Content is reviewed periodically to stay aligned with industry needs, preparing graduates for employment as well as further academic and professional advancement.

The programme is recognised by the Chartered Institute of Management Accountants (CIMA) and the Institute of Certified Management Accountants of Sri Lanka (CMA) — both members of the International Federation of Accountants (IFAC), with CMA also affiliated with SAFA and CAPA. The Chartered Institute for Securities and Investments (CISI) recognises the degree with a full exemption at foundation level.

Final-year electives allow students to specialise further, graduating with the in-depth expertise expected of finance and accounting professionals.

EMPLOYABILITY

BBA (HONS) SPECIALISING IN
MARKETING
MANAGEMENT

ABOUT THE PROGRAMME

This four-year Marketing Management degree builds the skills, experience, and confidence to progress into a range of roles — from product marketing to public relations. From the first year onward, students engage in live client project work, testing their skills in a supportive environment and developing innovative approaches to real marketing problems. A collaborative teaching approach gives students a voice in shaping the structure and content of many modules.

The programme is recognised by the Sri Lanka Institute of Marketing (SLIM), the apex body for marketers in Sri Lanka. At its core, the programme reframes marketing by converting an entire organisation into a customer-focused entity — giving students a fresh perspective on both the organisation and the customer, alongside the universally applicable fundamentals needed to navigate today's competitive business environment.

BBA (HONS) SPECIALISING IN
LOGISTICS &
SUPPLY CHAIN
MANAGEMENT

ABOUT THE PROGRAMME

This programme prepares future leaders for the fast-growing Logistics & Supply Chain sector, covering purchasing, materials management, transportation, customs regulations, foreign exchange, international trade, and IT — core knowledge that has become a vital prerequisite for managing any business effectively today.

Students build a strong theoretical and conceptual foundation, paired with the analytical capacity to make sound operational and strategic decisions. The curriculum spans the full scope of logistics and supply chain activities, from demand planning and inventory control to warehousing, distribution, and strategic supply chain management, with a focus on analysing, designing, and improving manufacturing and service processes. Graduates are prepared for professional careers with manufacturers, distributors, transportation carriers, logistics service providers, and consulting firms.

**BBA (HONS) SPECIALISING IN
BUSINESS
MANAGEMENT**

ABOUT THE PROGRAMME

Today's dynamic business environment demands more than specialisation in a single area — it calls for graduates equipped across multiple disciplines. This BBA (Hons) Business Management programme responds to that need, giving industry the flexibility to shape multi-skilled graduates around specific job requirements with minimal additional investment.

The programme places strong emphasis on developing the business knowledge, skills, and capabilities suited to a rapidly changing global, cultural, and technological landscape. Students are encouraged to think critically and reflectively, questioning ideas and issues rather than accepting them at face value. Graduates emerge ready to contribute proactively — whether in private business, public organisations, core business professions, self-employment, or the wider society in which businesses operate.

Minimum of 3 "D" passes in any stream AND "D" passes for O/L Mathematics and English AND successfully complete the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

SLIIT BUSINESS SCHOOL
AACSB ALIGNED, 98% GRADUATE
EMPLOYABILITY
BBA (HONS) SPECIALISING IN
QUALITY
MANAGEMENT

ABOUT THE PROGRAMME

Quality Management is central to a company's growth, performance, and ability to deliver superior customer experience. This specialisation builds deep expertise across four key areas: core quality concepts such as Lean Six Sigma and the Toyota Production System; problem-solving techniques including Kaizen, DMAIC, and Pareto analysis; quantitative and qualitative forecasting; and the ISO standards essential to a professional career in quality assurance. Students graduate equipped with AI and analytical tools for sound operational and strategic decision-making, alongside practical experience in quality control, process improvement, reliability, and Total Quality Management.

As organisations increasingly rely on qualified professionals to uphold standards, conduct audits, and protect their competitive position, Quality Management graduates are highly valued, meeting strong and growing demand across the modern business world.

CAREERS

- Quality Management Consultant
- Quality Management Specialist
 - Corporate Quality Director
 - Quality Manager
- Quality Assurance Audit Manager
 - Quality Assurance Analyst
- Quality Management Executive
 - Quality Control Officer – Tester/Inspector

ENTRY REQUIREMENTS

Advanced Level results must be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Commerce stream AND a "S" pass in O/L English OR A/L General English OR

Minimum of 3 "S" passes in any stream with "Economics" as a main subject AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) OR

Minimum of 3 "S" passes in any stream AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) AND successfully complete the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes for subjects equivalent to the Commerce stream of Local A/Ls AND a "D" pass in O/L English OR

Minimum of 3 "D" passes in any stream with "Economics" as a main subject AND "D" passes for O/L Mathematics and English OR

Minimum of 3 "D" passes in any stream AND "D" passes for O/L Mathematics and English AND completing the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

EMPLOYABILITY

BACHELOR OF BUSINESS ADMINISTRATION (HONS)

ABOUT THE PROGRAMME

This BBA (Hons) programme offers thorough preparation for business life, developing competence in managing money, people, products, processes, and markets.

Beginning with a broad grounding in core business disciplines, students choose from core and optional modules spanning diversity management, business plan development, and corporate governance, building the wide-ranging skill set today's competitive workplace demands.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting for A/L.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream in one and the same sitting for A/L.

Applicants should also pass the Aptitude Test conducted by SLIIT.

The programme will be available upon meeting the minimum student enrolment.

CAREERS

A wide array of professional positions in the field of business encompassing, but not restricted to:

- Project Manager
- Marketing Manager
- Human Resources Manager
- Operations Manager
- Business Development Manager
- Management Consultant
- Entrepreneur

WHY CHOOSE

- A full-time, dedicated faculty provides consistent guidance and strong academic support throughout your studies
- Guaranteed transfer options to the UK for your final year
- Practical experience and real-world business exposure throughout the course

SLIIT BUSINESS SCHOOL
AACSB ALIGNED, 98% GRADUATE
EMPLOYABILITY

BSc (HONS) **FASHION BUSINESS** **& MANAGEMENT**

ABOUT THE PROGRAMME

Offered by Manchester Fashion Institute at Manchester Metropolitan University, UK, this degree responds to a fashion industry being reshaped by customer-led thinking — where marketing, buying, merchandising, data insight, and digital channels must work together to deliver a total customer experience. Graduates need vision, entrepreneurial thinking, and strong business and marketing skills to succeed.

The course builds creative thinking and commercial acumen through real-world scenarios, live projects, and problem-based learning, covering global business strategy, digital-driven marketing, finance, sustainability, supply chain, and data analytics — preparing students to lead at the forefront of the fashion industry.

CAREERS

A wide array of professional positions in the fashion industry, encompassing, but not restricted to:

- Marketing Manager
- Sourcing Manager
- Customer Experience Manager
 - Retail Manager
 - Wholesale Manager
- Multi-Channel Analyst
 - Brand Manager
- Digital Marketing Manager
 - Social Media Manager
 - Buyer
 - Merchandiser
- Business Owners/Entrepreneur

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes in any stream & a “C” pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in any stream & a “C” pass for O/L English.

OR successful completion of a Foundation programme accepted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

Successful Completion of a Foundation Programme Accepted by SLIIT.

WHY CHOOSE

- Graduate from a Top 10 UK Fashion School – Manchester Fashion School (Guardian University Guide 2025)
- Full completion in Sri Lanka or guaranteed transfer options to the UK for the final year

YOUR DEGREE PATHWAYS

Every year, SLIIT Business School brings together secondary school students from across the island for Softskills+ — an inter-school quiz competition paired with soft skills workshops, designed to spark curiosity and sharpen general knowledge in a fun, competitive setting.

The idea behind it is simple: classroom learning matters, but it's rarely enough on its own. Skills like teamwork, problem-solving, creativity, and thinking outside the box are just as critical to a student's development — yet with so much focus on competitive exams, secondary schools often have little room left to nurture them. Softskills+ exists to fill that gap. Open to students from Grade 11 to Grade 13, the event welcomes participants from state, private, and international schools alike. Every participant walks away with a certificate, and winners take home additional prizes, recognising their effort and achievement.

Softskills+ is organised by SLIIT Business School as part of its Corporate Social Responsibility (CSR) commitment — an investment not just in academic excellence, but in the wider skill set young people need to thrive beyond the classroom.

SLIIT Business School proudly hosts the ICSDB conference, a global platform spotlighting cutting-edge research across a wide sweep of disciplines — Digital Business, Innovation, Economics, Finance, Marketing, Logistics, Artificial Intelligence, Human Capital Management, Analytics, and beyond. It's a space where international scholars come together to present their work, showcasing the sheer breadth of expertise shaping business thinking today.

What sets ICSDB apart is the ICSDB Excellence Awards — a chance to recognise businesses making real, measurable contributions to sustainable and digital practices, not just in theory but in how they operate. SLIIT Business School has long played an influential role in shaping business education, and conferences like ICSDB are a big part of why. They don't just showcase research — they help set the direction for where industry conversations go next.

OUR STUDENTS, OUR PRIDE

SLIIT played a key role in my academic and professional growth. Completing both my Bachelor's and Master's here built a strong foundation in marketing, leadership, and strategy. The practical learning approach and supportive faculty equipped me with the skills to excel in the business world, making my journey enriching and transformative.

FACULTY OF ENGINEERING

The Faculty of Engineering equips students with the knowledge, skills and attitudes to succeed as practising engineers and quantity surveyors, backed by highly qualified full-time academic staff and state-of-the-art in-house laboratories. Compulsory on-the-job training during undergraduate studies gives students valuable hands-on industry experience.

Our qualifications are widely recognised: the Institution of Engineers, Sri Lanka (IESL) has given retroactive recognition to our Civil and Mechanical Engineering degrees, with recognition of other programmes underway. Our Civil Engineering programme remains the only non-state degree in Sri Lanka to receive a full IESL recognition. All Engineering degrees are approved by the Ministry of Education and the University Grants Commission, with curricula aligned to Washington Accord requirements.

Our Quantity Surveying programme is offered in collaboration with Liverpool John Moores University (UK), with the full degree completable in Sri Lanka; a four-year BSc (Hons) option is also available, with accreditation from IQSSL and RICS UK being pursued.

Through partnerships with over 10 leading universities, including The University of Queensland and The University of Edinburgh (both top-50 globally), students can complete their final years abroad. Graduates enjoy strong local and international career and postgraduate prospects. The Faculty also offers MPhil and PhD programmes with scholarships and stipends, supported by a strong record of research grants.

**POWERING INNOVATION,
ENGINEERING THE FUTURE**

BSc ENG (HONS) IN

ELECTRICAL & ELECTRONIC ENGINEERING

ABOUT THE PROGRAMME

The BSc Engineering (Hons) in Electrical & Electronic Engineering combines strong theoretical foundations with hands-on practical learning and real-world experience. Developed with industry input, the programme nurtures interdisciplinary problem-solving, innovation, social awareness, and professional confidence. Students gain essential technical and practical skills, preparing them to become highly competent, adaptable, and industry-ready engineers capable of addressing emerging engineering challenges.

A mandatory 24-week industrial training, split across two 12-week sessions at the end of the second and third years, ensures real industry exposure before graduation.

COURSE DETAILS:

- **Years 1–2:** Core foundations in Mathematics, Sciences, and Basic Engineering
- **Year 3:** Application of Electrical and Electronic Engineering principles to real-world challenges, including a design and development project
- **Final Year:** Hands-on exposure to industry-level systems, electives (Electrical Power Engineering, Telecommunication, Renewable Energy, Robotics, Machine Learning, IoT & Big Data Analytics, Automation and Process Control), and a research-based final-year project

ENTRY REQUIREMENTS

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 2 “C” passes & 1 “S” pass in the Physical Science stream (covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 “B” passes & 1 “C” pass (covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Electrical Engineer
- Electronics Engineer
- Power Systems Engineer
- Control Systems Engineer
- Telecommunications Engineer
 - Automation Engineer
- Renewable Energy Engineer
- Embedded Systems Engineer
- Academic and Researcher

Engineers may also establish their own consultancy practices, manufacturing firms, and also be employed internationally

THE FIRST NON-STATE CIVIL ENGINEERING DEGREE PROGRAM TO GET A FULL RECOGNITION BY IESL

BSc ENG (HONS) IN CIVIL ENGINEERING

ABOUT THE PROGRAMME

Civil Engineering deals with the design, construction, and maintenance of physical infrastructure - from buildings, roads, and bridges to dams, tunnels, and ports. SLIIT's programme blends science and engineering fundamentals with essential practical skills, using problem- and project-based learning to build creative, innovative, and team-working engineers. Coursework spans laboratory experiments, literature reviews, fieldwork, and seminars. In the third year, the curriculum focuses on advanced engineering concepts and real-world application, highlighted by an intensive two-week Survey Camp designed to provide hands-on field experience alongside the mandatory Industrial Training programme, which forms part of an overall six-month industrial training split into two three-month periods at the end of the 2nd and 3rd years. Throughout, students develop practical and soft skills alongside a strong grounding in engineering ethics, with Humanities modules offered in the second and third years.

COURSE DETAILS:

- **Year 1:** Foundation in Mathematics, Sciences, and Basic Engineering
- **Year 2:** Expanded knowledge with a design focus on Structural, Geotechnical, and Hydraulics domains
- **Year 3:** Increased complexity across core and complementary areas (Transportation, Environmental Engineering, Management), plus a residential survey camp
- **Year 4:** Advanced open-ended design, technical electives, and a year-long research project and comprehensive design project

ENTRY REQUIREMENTS

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Structural Engineer
- Geotechnical Engineer
- Environmental Engineer
- Water Resources Engineer
- Design Engineer/Consulting Engineer
- Contracting Engineer
- Engineering Project Manager
- Building Services Engineer
- Irrigation Engineer
- Coastal Engineer
- Infrastructure Planning Engineer
- Engineering Regulator
- Quality Control and Quality Assurance Engineer
- Marketing Engineer
- Academics and Researcher

Engineers may also establish their own consultancy practices, manufacturing or construction firms, and also be employed internationally

**OUR SYLLABUS IS BUILT BY THE
INDUSTRY, FOR THE INDUSTRY**

BSc ENG (HONS) IN MATERIALS ENGINEERING

ABOUT THE PROGRAMME

Materials Engineering drives contemporary innovation across diverse global industries, enabling the development of new products and technologies that shape nearly every aspect of daily life. Materials engineers analyse the structure, properties, performance, and behaviour of materials to solve complex engineering challenges. Their work spans the selection of suitable materials for specific applications, the design and optimisation of manufacturing processes, and the development of sustainable recycling and disposal solutions. Interdisciplinary by nature, the discipline integrates principles from Chemistry, Physics, Mathematics, and core Engineering concepts. SLIIT's Honours Degree in Materials Engineering provides comprehensive knowledge across all major areas of the field, equipping graduates with the skills and expertise required to excel in a competitive global industry. The programme is delivered by a team of highly qualified academics and enriched through tutorials, laboratory sessions, research and design projects, field visits, and industrial training, ensuring a strong balance between theoretical knowledge and practical experience.

COURSE DETAILS:

- **Year 1:** Foundation in Mathematics, Sciences, and Basic Engineering
- **Year 2:** Expanded Mathematics and Engineering knowledge, with introduction to core Materials Engineering modules
- **Years 3–4:** Focused Materials Engineering curriculum, with specialised electives in Year 4 and a comprehensive materials-related project

ENTRY REQUIREMENTS

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Materials Engineer
 - Metallurgist
 - Polymer Engineer
 - Ceramic Engineer
 - Composite Engineer
- Materials Development Engineer
 - Materials Processing Engineer
- Research and Development Engineer
 - Failure Analysis Engineer
 - Quality Assurance Engineer
- Semiconductor Processing Engineer
 - Materials Performance Engineer
 - Corrosion Engineer
 - Materials Design Engineer
 - Academics and Researcher

Engineers may also establish their own consultancy practices, manufacturing firms, and also be employed internationally

OUR SYLLABUS IS BUILT
FOR THE INDUSTRY

BSc ENG (HONS) IN MECHANICAL ENGINEERING

ABOUT THE PROGRAMME

Mechanical Engineering is the study and development of machines and systems with real-world applications, applying principles of motion, energy, and force to ensure designs function safely, efficiently, and reliably. A highly diversified field, it spans mechanics, thermodynamics, combustion and energy systems, aerodynamics and fluid mechanics, design and manufacturing.

SLIIT's degree is designed in consultation with industry and academic experts, combining state-of-the-art subjects with lectures, labs, engineering design work, and projects — preparing graduates for careers in both academia and industry.

COURSE DETAILS:

- **Year 1:** Foundation in Engineering with modules in Mathematics, Sciences and Basic Engineering
- **Year 2:** Core engineering subjects with an introduction to Mechanical Engineering, followed by first industrial training
- **Year 3:** Further specialisation in Mechanical Engineering, followed by second industrial training
- **Year 4:** Advanced specialisation in the field alongside engineering profession, management, and marketing modules, culminating in a comprehensive research project

ENTRY REQUIREMENTS

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Mechanical Engineer
- Automobile Engineer
- Automation Engineer
- Maintenance Engineer
- Design and Manufacturing
 - Thermal Engineer
 - Industrial Engineer
 - Entrepreneur
 - Academic
- Research and Development Engineer

Engineers may also establish their own consultancy practices, manufacturing firms, and also be employed internationally

**FUTURE FOCUSED &
INDUSTRY RELEVANT**

**BSc ENG (HONS) IN MECHANICAL ENGINEERING
(MECHATRONICS
SPECIALISATION)**

ABOUT THE PROGRAMME

Mechatronics is the synergistic integration of mechanics, electronics, and computer engineering to develop automated products and systems, providing solutions for robotics, automated manufacturing, smart products, and other contemporary engineering problems.

Students gain specialised knowledge in robotics, industrial automation, sensors, instrumentation, control systems, and artificial intelligence — building broad, multidisciplinary engineering knowledge alongside hands-on implementation skills. Designed in consultation with industry and academic experts, the programme combines state-of-the-art subjects with lectures, labs, engineering design work, and projects, preparing graduates for careers in both academia and industry.

COURSE DETAILS:

Year 1: Foundation in Engineering with modules in Mathematics, Sciences and Basic Engineering

Year 2: Core engineering subjects with an introduction to Mechatronic and Mechanical Engineering, followed by first industrial training

Year 3: Further specialisation in Mechatronic and Mechanical Engineering, followed by second industrial training

Year 4: Advanced specialisation in Mechatronic and Mechanical Engineering, alongside engineering profession, management, and marketing modules, culminating in a comprehensive research project.

ENTRY REQUIREMENTS

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 2 “C” passes & 1 “S” pass in the Physical Science stream (covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 “B” passes & 1 “C” pass (covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Mechanical Engineer
- Robotics Engineer
- Electronics Design Engineer
- Automation Engineer
 - Instrumentation Engineer
 - Control Systems Engineer
- Data Scientist/Big Data Analyst
- Software Engineer
 - Entrepreneur
 - Academic
- Research and Development Engineer

Engineers may also establish their own consultancy practices, manufacturing firms, and also be employed internationally

**BUILD YOUR FUTURE BEYOND BORDERS
WITH SRI LANKA'S FIRST QUANTITY SURVEYING
DEGREE APPROVED BY THE MINISTRY OF
EDUCATION UNDER UGC GUIDELINES**

BSc (HONS) IN QUANTITY SURVEYING

(LOCAL DEGREE PROGRAMME: 4 YEARS)

ABOUT THE PROGRAMME

This four-year programme blends theoretical and practical learning across key areas including measurement, cost management, procurement, contract administration, construction law, construction technology and project management. Students also gain expertise in sustainability and environmental practices, digital quantity surveying, and building information modelling (BIM). Delivered by a distinguished team of academic and industry professionals — including qualified quantity surveyors, engineers, architects and BIM managers— the programme brings real-world expertise directly into the classroom. The degree equips graduates with the competencies required for diverse professional pathways within the construction industry, while also providing eligibility for postgraduate studies in quantity surveying, construction project management, procurement and contract management, and dispute resolution. This programme is offered by SLIIT and is approved by the Ministry of Education, Sri Lanka, and the University Grants Commission (UGC).

CAREERS

- Quantity Surveyor
- Contract Administrator
- Construction Economist
- Estimator
- Cost Manager
- Contract Manager
- Commercial Manager
- Procurement Specialist
- Project Manager
- Claim Consultant
- Adjudicator, Arbitrator, Mediator
- BIM Manager/Coordinator
- Carbon Accountant
- Expert Witness
- Sustainability Advisor
- Technical Auditor
- Development Appraiser
- Value Manager
- Risk Manager
- Green Assessor
- Academic and Researcher

Establish their own consultancy practices, manufacturing firms, and also be employed internationally

ENTRY REQUIREMENTS

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 3 “S” passes for 1 subject mentioned under Category A and 2 subjects mentioned under Category B:

Category A – Combined Mathematics, Higher Mathematics

Category B – Accounting, Economics, Business Studies, Business Statistics, Physics, Chemistry or ICT AND “C” passes for O/L Mathematics & English and a “S” pass for O/L Science.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes for 1 subject mentioned under Category A and 2 subjects mentioned under Category B:

Category A – Mathematics, Further Mathematics

Category B – Accounting, Economics, Business Studies, Physics, Chemistry or Information Technology/Computer Science AND “C” passes for O/L Mathematics & English and a “D” pass for O/L Science (or equivalent subject).

POSITION YOURSELF FOR GLOBAL SUCCESS WITH AN
RICS-ACCREDITED QUANTITY SURVEYING DEGREE
AWARDED BY LIVERPOOL JOHN MOORES UNIVERSITY,
UK, IN COLLABORATION WITH SLIIT.

BSc (HONS) IN QUANTITY SURVEYING

(FOREIGN DEGREE PROGRAMME- 3 YEARS)

ABOUT THE PROGRAMME

This programme covers key subject areas including measurement, estimating and costing, cost management, contract administration, contract law, construction technology, project management, building information modelling, and quantity surveying practice. Teaching staff comprise experienced academics and professional quantity surveyors, engineers, and other high-calibre specialists.

The LJMU degree opens up diverse professional avenues for graduates, with eligibility for Masters programmes in areas such as contracts and dispute resolution, procurement advising and consultation, and project management.

WHY CHOOSE

- Accredited by the Royal Institution of Chartered Surveyors (RICS)
- Industry-relevant curriculum designed to prepare students for careers worldwide

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in the Physical Science stream & a "C" pass for O/L English, OR minimum of 3 "S" passes in the Biological Science/Commerce/Engineering Technology stream, "B" pass for O/L Mathematics & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in the Mathematics stream (subjects equivalent to the Physical Science Stream in Local A/Ls) & a "C" pass for O/L English, OR minimum of 3 "D" passes in the Biology/Commerce stream, "B" pass for O/L Mathematics & a "C" pass for O/L English.

Successful Completion of a Foundation Programme accepted by SLIIT. Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

Establish their own consultancy practices, manufacturing firms, and also be employed internationally

YOUR DEGREE PATHWAYS

ROBOFEST is an annual robotics competition organised by SLIIT's Faculty of Engineering. Since its launch in 2010 as an internal event, it has grown into a nationwide platform, welcoming school and university students, and industry professionals, from across Sri Lanka.

ROBOFEST 2025 saw Storm-Tech (Sumedha College, Gampaha) claim the School Category title, followed by Prime-X and K-bot, both from D Cube Robotics School, Gampaha. In the University Category, RASIP CAP Team (University of Moratuwa) took first place, with Decker (SLIIT) and Ketha Karuwo (University of Moratuwa) as runners-up.

A standout highlight was Sri Lanka's first-ever autonomous drone competition, won by the XFLY Drone Team from the University of Moratuwa — a landmark moment for the country's robotics landscape.

ROBOFEST continues to empower school and university students with a premier platform to design, build, and showcase cutting-edge robotics innovations on a national stage.

The SLIIT International Conference on Engineering and Technology (SICET), organised by the Faculty of Engineering, remains a leading national and regional forum for research, innovation, and knowledge exchange in engineering and technology. Held from 9–12 September 2025 at SLIIT Malabe, the conference featured pre-conference workshops and an inauguration ceremony at Marino Beach Hotel, Colombo, graced by Chief Guest Mr. Pradeep Saputhanthri (Secretary to the Prime Minister) and Guest of Honour Prof. Saman Seneweera (Chairman, National Science Foundation), alongside keynote addresses by Prof. Sofiene Affes (INRS, Canada) and Prof. Andrey Koucheryav (Russia).

SICET 2025 featured twelve technical tracks spanning smart cities, renewable energy, robotics, AI, and more, along with a new Industry Connect Track strengthening academia-industry ties. The event drew strong local and international participation, with select papers earmarked for indexed publication, and celebrated excellence through Best Paper, Student Research, and SLIIT Engineering Excellence Awards.

OUR STUDENTS, OUR PRIDE

Choosing Materials Engineering at SLIIT gave me a strong foundation in theory, practical skills, and research, preparing me to grow academically and professionally with confidence.

Fathima Safiyyah Karnain
BSc Engineering (Hons) in
Materials Engineering

My BSc (Hons) in Electrical and Electronic Engineering at SLIIT laid the foundation for my research in robotics and assistive technology. Today, as a PhD Candidate at Curtin University, I work on autonomous navigation and AI-powered wheelchair technology.

Ms. Shanel Tennekoon
PhD Candidate | Curtin University

A proud SLIIT Faculty of Engineering graduate, Salsabeel credits SLIIT's practical learning, supportive lecturers, and strong academic foundation for preparing her for a successful career in Qatar.

Salsabeel Fathima Suaadha
BSc (Hons) Quantity Surveying
Contracting Quantity Surveyor – ATPS,
Doha, Qatar

My journey at SLIIT's Civil Engineering Department shaped my academic and professional success, leading to a fully funded PhD at the University of Liverpool. Today, I am honoured to return as an Assistant Professor.

Dr. Dhanushka Kobbekaduwa
Assistant Professor | Department of
Civil Engineering - SLIIT

My journey at SLIIT sparked my passion for AI and robotics, providing the foundation for my academic and research career. Today, I am pursuing a PhD at Memorial University of Newfoundland Canada, focusing on intelligent and autonomous systems.

Ms. Nirasha Herath Ph.D. Candidate |
Intelligent Systems Laboratory

FACULTY OF HUMANITIES & SCIENCES

The Faculty of Humanities & Sciences is dedicated to shaping professionals across Education, Sciences, Biotechnology, Biomedical Science, English, Mathematics, Psychology, Nursing, and Law. Our goal is to nurture well-rounded individuals who think critically about real-world challenges and are equipped to solve them. We've invested significantly in world-class infrastructure to support our programmes, including state-of-the-art laboratories, smart classrooms, a moot court, and access to e-repositories and reference materials.

Backed by a growing team of 60+ full-time academics — including 21 PhD holders and 7 professors — the Faculty offers students exceptional guidance and expertise. We invite you to join us and build a fulfilling career in a field you're truly passionate about.

BSc (HONS)
PSYCHOLOGY
(LOCAL DEGREE PROGRAMME: 4 YEARS)

ABOUT THE PROGRAMME

The BSc (Hons) Psychology programme is a Ministry of Education approved, UGC-recognised 4-year degree offering a comprehensive understanding of the mind and behaviour within Sri Lanka's unique cultural context. Students explore human development, cognition, emotion, social behaviour, and mental health, gaining the knowledge and skills to make meaningful societal contributions.

With a strong emphasis on practical application and cultural relevance, the programme prepares graduates to address Sri Lanka's growing mental health needs, training them to apply psychological principles in real-world settings. Graduates are well-positioned for postgraduate studies or careers in education, counselling, research, special needs education, and other psychology sub-specialities.

The programme also builds transferable skills-critical thinking, problem-solving, and effective communication- equipping graduates to thrive across diverse industries, making this a versatile foundation for careers in both psychology and interdisciplinary fields.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting and a "S" pass for General English in A/Ls in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" Passes in any subject stream in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT, and the Interview conducted by the School of Psychology, SLIIT.

CAREERS

BSc (HONS) IN BIOTECHNOLOGY

ABOUT THE PROGRAMME

The Faculty of Humanities and Sciences offers a BSc (Hons) in Biotechnology for those pursuing careers in the biotechnology industry and academia. The programme builds strong theoretical and practical knowledge through lectures, laboratory experiments, research, industrial experience, field visits, and internships.

WHY CHOOSE

- Experienced academic staff with extensive national and international teaching backgrounds
- A locally developed degree, accredited by the Ministry of Education/UGC
- Broad coverage spanning plant agriculture, animal science, environmental management, food innovation, bioinformatics, genomics/proteomics, genetic engineering, molecular biology, microbiology, healthcare, beauty care, pharmaceuticals, and diagnostics
- Advanced modules, research practicums, and electives allowing students to tailor their learning to individual goals
- Strong nationwide industry affiliations supporting internships, research projects, and career opportunities
- A curriculum designed for a more independent learning environment

ENTRY REQUIREMENTS

Local A/L: Minimum of 3 "S" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Combined Mathematics, Higher Mathematics, Agricultural Science, Science for Technology, Bio Systems Technology, Agro Technology or Bio-Resource Technology in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Mathematics or Further Mathematics in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

Academia & Research

- University Lecturers/Academics
(Upon completion of postgraduate training - MSc, MPhil, PhD)
- Research Scientists

Medical Sector

- Medical Laboratory Managers
- Diagnostic Laboratory Technologists

Biotechnologists in

- Pharmaceuticals
- Agriculture & Agrotechnology
- Environmental Biotechnology
- Food Science & Nutrition
- Forensic Science & DNA Profiling

Bioinformaticians

Quality, Regulation & Manufacturing

- Quality Assurance (QA) Officers
- Quality Control (QC) Analysts
- Regulatory Affairs Specialists

Science Communication & Outreach

- Science Journalists/Writers / Editors

Entrepreneurship & Innovation

- Biotech Start-up Founders
- Innovation Managers

OUR SYLLABUS IS BUILT BY THE INDUSTRY, FOR THE INDUSTRY

BSc (HONS) IN FINANCIAL MATHEMATICS & APPLIED STATISTICS

ABOUT THE PROGRAMME

This unique Sri Lankan degree combines Mathematics, Statistics, Accounts, Economics, and IT, preparing students for careers as actuaries — professionals who apply mathematical and statistical methods to assess financial risk across insurance, banking, and finance. The curriculum is regularly updated to allow students to complete professional Actuarial Science exam modules before graduation, including a new module on Artificial Intelligence and Machine Learning in Financial Decision Making.

Students undertake six months of industrial training in their third year alongside a research project in their fourth year. With actuarial roles projected to grow 23% and consistently ranking among the world's top-paying STEM careers, demand for graduates is strong.

Students completing the first two years can transfer to Butler University, USA (no TOEFL/IELTS required), or pursue a 1+2 pathway with Bond University, Australia. SLIIT tuition is reduced by 40%, with OPT work eligibility of up to 3 years for STEM graduates.

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream (covering Combined Mathematics) in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream (covering Mathematics) in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Risk Analyst
- Research Analyst
- Actuarial Analyst
- Business Analyst
- Budget Analyst
- Enterprise Risk Actuary
 - Financial Analyst
- Insurance Underwriter
- Insurance Claims Adjuster
 - Insurance Actuary
 - Investment Banker
 - Life insurance Actuary
- Property and Casualty Insurance Actuary
- Pension and Retirement Benefits Actuary

**GAIN HANDS-ON LABORATORY
EXPERIENCE UNDER THE GUIDANCE
OF LEADING BIOMEDICAL
SCIENTISTS**

BSc (HONS) IN BIOMEDICAL SCIENCE

ABOUT THE PROGRAMME

Biomedical Science (BMS) is an interdisciplinary field combining Biology and Medicine, equipping students with the skills and knowledge to address critical issues in healthcare and disease, focusing on disease causes, diagnostics, and treatment.

The SLIIT BSc (Hons) in Biomedical Science empowers students to explore the science of human health and disease through a dynamic blend of theory and hands-on laboratory training at the molecular, cellular, and systemic levels. Covering core disciplines such as Anatomy, Physiology, Biochemistry, Genetics, Molecular Biology, Microbiology, Immunology, and Pharmacology, the programme cultivates scientific curiosity, critical thinking, practical expertise and the scientific mindset required for successful careers in biomedical research, diagnostics, and healthcare.

WHY CHOOSE?

- Build a strong theoretical foundation in biology, medicine, and health sciences
- Apply your knowledge in laboratory classes using modern techniques
- Gain real-world experience through internships in hospitals, labs, or industry
- Explore discovery and innovation through your own research project

ENTRY REQUIREMENTS

Local A/Ls : Minimum of 3 "S" passes in Biology, Chemistry and Physics/ Agricultural Science/ Mathematics in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in Biology, Chemistry and Physics/ Mathematics in one and the same sitting.

CAREERS

- Biomedical Scientist/ researcher
- Clinical Laboratory Scientist
- Pharmaceutical Scientist
- Toxicologist
- Genetic Counselor
- Clinical Trial Coordinator
- Pathologist
- Medical Physicist
- Immunologist
- Molecular Biologist
- Epidemiologist
- Bioinformatician
- Neuroscientist
- Biotechnology Product Developer
- Regulatory Affairs Specialist
- Medical Science Liaison
- Quality Control Analyst
- Forensic Scientist
- University Lecturer

(Upon completion of postgraduate training - MSc, MPhil, PhD)

ACADEMIC PROFESSIONALS,
FOR THE INDUSTRY**

BACHELOR OF EDUCATION (HONS) IN ENGLISH

ABOUT THE PROGRAMME

The BEd (Hons) in English is a four-year full-time degree developing professional teachers for English Language and Literature at secondary and tertiary levels, including university programmes.

The curriculum balances English Language, Literature, and Education studies — building foundational knowledge in the first two years, then shifting focus to practical teaching skills in the final two. Students complete a compulsory 10-week teaching practice and a research study to graduate as competent, professionally qualified English teachers.

WHY CHOOSE?

- UGC-accredited qualification to teach English
- Thorough grounding in English Language, Literature, and Teaching English as a Second Language (TESL)
- 2+2 transfer options to overseas universities
- Pathway to postgraduate studies in language and/or education
- Career openings in local and foreign-funded education programmes
- Incorporates SLQF Level 8 Postgraduate Diploma in Education curriculum content

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes with English as a main subject OR minimum of 3 “S” passes in any stream in English medium, in one and the same sitting AND pass the English Language test conducted by the Institute.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes with English/English literature as a main subject OR minimum of 3 “D” passes in any stream, in one and the same sitting.

CAREERS

- English medium teaching opportunities in the State and Private sector
 - University Lecturers
 - Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, programme officers, curriculum developers, etc. in local or foreign funded programmes concerned with education
- Qualified to sit the competitive examinations to recruit Sri Lankan Administrative Service (SLAS) and Sri Lanka Education Administrative Service (SLEAS) and other various government positions.

BRING THE SCIENCE OF LIFE INTO THE CLASSROOM

BACHELOR OF EDUCATION (HONS) IN BIOLOGICAL SCIENCES

ABOUT THE PROGRAMME

The BEd (Hons) in Biological Sciences is a four-year full-time degree building command of Biology and Chemistry alongside teaching principles, preparing graduates for professional competence in teaching these subjects at secondary level, including Advanced Level and above. Graduates develop diverse teaching and learning skills, along with a professional, ethical, and globally-minded approach to teaching.

Students complete a compulsory 10-week teaching practicum and a research study to graduate as qualified, professional teachers.

WHY CHOOSE?

- Become a professional teacher in Biology and Chemistry
- 10 weeks of teaching practicum in a school setting
- Covers postgraduate-level education modules, incorporating the SLQF Level 8 Postgraduate Diploma in Education curriculum
- Taught in English, opening pathways to postgraduate study
- Opportunities in state, international, and overseas schools, plus higher education institutions
- UGC-accredited qualification with openings in local and foreign-funded education programmes

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes including Biology & Chemistry in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes including Biology & Chemistry in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- English medium teaching opportunities in the State and Private sector
 - University Lecturers
- Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
- Research assistants, programme officers, curriculum developers etc. in local or foreign funded programs concerned with education
- Qualified to sit the competitive examinations to recruit Sri Lankan Administrative Service (SLAS) and Sri Lanka Education Administrative Service (SLEAS) and other various government positions

TURN CURIOSITY INTO SCIENTIFIC DISCOVERY

BACHELOR OF EDUCATION (HONS) IN PHYSICAL SCIENCES

ABOUT THE PROGRAMME

The BEd (Hons) in Physical Sciences is a four-year full-time degree balancing theoretical and practical study in Physics, Mathematics, and Education.

The programme develops the skills essential for teaching Physics and Mathematics at secondary level, including Advanced Level classes, producing graduates sought after by both public and private sector institutions, locally and globally.

WHY CHOOSE?

- Become a professional teacher in Physics and Mathematics
- 10 weeks of teaching practicum in a school setting
- Covers postgraduate-level education modules, incorporating the SLQF Level 8 Postgraduate Diploma in Education curriculum
- Taught in English, opening pathways to postgraduate study
- Opportunities in state, international, and overseas schools
- Potential to join local and foreign-funded education programmes

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes including Combined Mathematics & Physics in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes including Mathematics & Physics in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- English medium teaching opportunities in the State and Private sector
 - University Lecturers
 - Overseas teaching opportunities
- Project officers in Educational projects funded by International Organisations
 - Research assistants, programme officers, curriculum developers etc. in local or foreign funded programs concerned with education
- Qualified to sit the competitive examinations to recruit Sri Lankan Administrative Service (SLAS) and Sri Lanka Education Administrative Service (SLEAS) and other various government positions.

**SHAPE MINDS THAT
UNDERSTAND SOCIETY**

BACHELOR OF EDUCATION (HONS) IN SOCIAL SCIENCES

ABOUT THE PROGRAMME

The BEd (Hons) in Social Sciences is a four-year full-time degree balancing theoretical and practical study in Social Sciences and Education. The programme develops the skills essential for teaching Social Sciences subjects at secondary level, including Advanced Level classes, producing graduates sought after by both public and private sector institutions, locally and globally.

Students complete a compulsory 10-week teaching practicum and a research study to graduate as qualified, professional teachers.

WHY CHOOSE?

- Become a professional secondary school teacher in Social Sciences
- 10 weeks of teaching practicum in a school setting
- Covers postgraduate-level education modules, incorporating the SLQF Level 8 Postgraduate Diploma in Education curriculum
- Taught in English, opening pathways to postgraduate study
- Opportunities in state, international, and overseas schools
- UGC-accredited qualification

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in the Arts or Commerce Stream in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in the Arts or Commerce Streams in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Teachers in Government schools
- Teachers in Private or International schools
- Junior Academics at Private Universities
 - Teacher Educators
 - Education Administrators
- Training executives in private/semi governmental organisations
 - Research associates in NGOs
 - Development officers in NGOs
 - To gain teaching opportunities in foreign countries
- Qualified to sit the competitive examinations held to fill various government positions
- Pension and Retirement Benefits Actuaries

WHERE WORDS INSPIRE IDEAS
AND IDEAS SHAPE FUTURES

BA (HONS) ENGLISH STUDIES

ABOUT THE PROGRAMME

The BA (Hons) in English Studies covers the theoretical and practical foundations of language, literature, stylistics, critical thinking, and communication, equipping students with the linguistic and communicative skills needed across education, culture, media, commerce, law, administration, and public relations. Through lectures, seminars, group presentations, workshops, and job-oriented internships, students gain hands-on expertise in their chosen areas of specialisation.

WHY CHOOSE?

- Versatile career paths spanning teaching, content creation, translation, publishing, marketing, event management, public relations, foreign service, and freelance writing
- Preparation for dynamic digital-age roles, from web content to strategic communication
- Advanced written and verbal communication skills valued in the global workplace
- Deep engagement with English literature across cultures and historical periods
- Strong foundation for postgraduate study in education, law, media, creative writing, or humanities
- An AI-proof, human-centred skill set in creative expression, interpretation, and ethical reasoning

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes with English as a main subject OR minimum of 3 “S” passes in any stream in the English Medium in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes with English/English Literature as a main subject OR minimum of 3 “D” passes in any stream in one and the same sitting.

Applicants must pass the aptitude test conducted by SLIIT.

CAREERS

Employment opportunities in many sectors such as:

- Mass Media
- University Teaching
- Education
- Diplomatic Service
- Legal Drafting
- Advertising
- Creative Writing
- Journalism
- Corporate Communication
- Business Writing
- Publishing

BSc (HONS) IN PSYCHOLOGY

(FOREIGN DEGREE PROGRAMME: 3 YEARS)

ABOUT THE PROGRAMME

Psychology is the study of the mind and behaviour, covering human development, cognition, emotion, and social behaviour. With growing global demand for trained professionals, psychology's principles apply across diverse day-to-day and professional settings.

Graduates can pursue postgraduate studies or build careers within or beyond psychology, with postgraduate qualifications opening rewarding pathways as specialised Psychologists.

WHY CHOOSE?

- Full-time, dedicated faculty ensuring strong academic support and continuous guidance
- Covers key areas of psychology and essential foundation modules, ensuring smooth study transferability
- Assured option to transfer to the UK for your final year of study

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream OR

Successful completion of a Foundation programme accepted by SLIIT

AND pass the Aptitude Test conducted by SLIIT, and the Interview conducted by the School of Psychology, SLIIT. This programme will be offered at the Colombo Campus.

WHERE LEGAL THEORY MEETS REAL-WORLD MASTERY

LLB (HONS)

(LOCAL DEGREE PROGRAMME: 4 YEARS)

ABOUT THE PROGRAMME

The four-year, full-time LLB programme, approved by the Ministry of Higher Education, offers comprehensive legal education combining in-depth theoretical and practical knowledge to produce competitive legal professionals.

Students can specialise in key fields such as public law, civil law, and commercial law, while also exploring emerging branches including information technology law, international investment law, health law, and education law. In the final year, students choose between a research-oriented or practice-oriented path through dissertation or internship options.

WHY CHOOSE?

- LLB (Hons) from Sri Lanka's No. 1 non-state university
- Become a highly skilled, competent legal professional
- In-depth theoretical and practical knowledge of law
- Specialise in areas of your choice, including emerging fields of law
- Choose a research- or practice-oriented final year through dissertation or internship
- Learn from a highly qualified, experienced panel of lecturers

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in any stream in one and the same sitting & possess "C" passes for English and Sinhala/Tamil Languages at the G.C.E O/L examination conducted by the Department of Examinations of Sri Lanka or equivalent qualification AND an interview by the School of Law.

Cambridge/Edexcel A/Ls: Minimum of 2 "C" passes & 1 "D" pass in any stream in one and the same sitting & possess "C" passes for English and Sinhala/Tamil Languages at the G.C.E O/L examination AND an interview by the School of Law.

CAREERS

An LLB (Hons) degree can open a variety of career pathways both locally and globally. Some of the career pathways available for law graduates include working as:

- Attorneys-at Law of the private bar
- State Counsels of the Attorney General's department
- Judges in Courts of law
- Officers of Government Departments and Ministries including Attorney General's Department and Legal Draftsman's Department
- Instructing Attorneys or Counsels at Law Firms
- Legal officers in private companies and banks
- Politicians
- Academics or researchers
- Officers in NGOs and international organizations (such as the UN, Red Cross, etc.)
- Officers at Legal Processing Outsourcing Companies (LPOs)
- Professional Arbitrators
- Professional Negotiators
- Professional Mediators

YOUR PATHWAY TO A GLOBAL LEGAL CAREER. RECOGNIZED IN SRI LANKA AND BEYOND

LLB (HONS) LAW

(FOREIGN DEGREE PROGRAMME: 3 YEARS)

ABOUT THE PROGRAMME

Offered in affiliation with Liverpool John Moores University, UK, this fully-franchised three-year LLB (Hons) programme transforms undergraduates into legal professionals equipped to compete both locally and globally. Core modules build a firm grasp of English law fundamentals, while optional modules offer specialisation in areas such as human rights, commercial law, and international law. Industry-focused modules — including clinical legal education, mediation, and negotiation skills — provide practical expertise for successful legal careers.

WHY CHOOSE?

- LLB from a world-ranking UK university, here in Sri Lanka
- Become a globally recognised legal professional
- Listed as a Qualifying Law Degree (QLD) by the SRA, UK
- Approved by the Council of Legal Education, Sri Lanka, enabling local legal practice
- Specialised in areas of your choice, including Human Rights, Mediation, and Commercial Law
- Learn from a highly qualified, experienced panel of lecturers
- Offered at the Colombo Campus

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes in any stream & a “C” pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in any stream & a “C” pass for O/L English.

Successful completion of a Foundation programme accepted by SLIIT

AND pass the Aptitude Test conducted by SLIIT, and the interview conducted by the School of Law, SLIIT.

To apply to the Sri Lanka Law College to sit for the Special Entrance Examination held in respect of any year, a candidate is required to have obtained two credit (C) passes and one simple pass in one and the same sitting at the G.C.E A/Ls Sri Lanka or London and to possess Credit passes in O/L English and in Sinhala or Tamil Languages at the G.C.E O/Ls Sri Lanka or London or an examination recognized by the Department of Examinations of Sri Lanka as equal to the above examination.

CAREERS

An LLB (Hons) degree can open a variety of career pathways both locally and globally. Some of the career pathways available for law graduates include working as:

- Attorneys-at Law of the private bar
- State Counsels of the Attorney General's department
 - Judges in Courts of law
- Officers of Government Departments and Ministries including Attorney General's Department and Legal Draftsman's Department

HIGHER DIPLOMA IN NURSING

**DEAKIN
UNIVERSITY**

ABOUT THE PROGRAMME

This programme prepares nursing professionals for practice both locally and internationally, guided by an experienced panel of lecturers from the nursing field.

Graduates of the 3-year Higher Diploma in Nursing can progress directly into the final year of the Bachelor of Nursing programme at Deakin University, Australia.

WHY CHOOSE?

- Pathway to complete a nursing degree at Deakin University, Australia, after the 3-year Higher Diploma
- Eligibility to apply for registration as a Registered Nurse (RN) with the Nursing and Midwifery Board of Australia upon completing the Deakin degree
- A panel of experienced, high-quality nursing lecturers
- A modern, state-of-the-art skills lab
- Practical exposure at leading private sector hospitals in Sri Lanka
- Teaching and learning facilitated through an attractive Learning Management System
- Registered with the Private Health Sector Regulatory Council (PHSRC)
- Recognised as a government-approved Nursing School
- NVQ Level 6 accreditation from the TVEC

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes obtained from one of the following subject streams: Biological Science, Physical Science, Bio Systems Technology or Engineering Technology streams AND an Interview by the School of Nursing, SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Mathematics, Further Mathematics, Psychology, Computer Science or Information Technology AND an Interview by the School of Nursing, SLIIT.

Successful completion of a Foundation programme accepted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

National Educator Awards

The National Educator Awards is an initiative established to honour and celebrate outstanding educators across Sri Lanka who have made valuable and significant contributions to the development of the Sri Lankan community through their respective disciplines. National Educator Awards 2025 invited applications from outstanding educators across thirteen categories: Applied Sciences, Architecture, Business and Management, Computing, Education, Engineering, Hospitality, Language and Literature, Law, Mathematics and Statistics, Nursing and Health Sciences, Psychology and Counselling, and Quantity Surveying.

The SLIIT International Conference on Advancements in Sciences and Humanities (SICASH), organised annually by the Faculty of Humanities and Sciences, is a multidisciplinary research conference bringing together researchers across the natural sciences and humanities. Featuring seven tracks — Natural Sciences, Education, Law, English Language and Literature, Psychology, Nursing and Health Science, and Mathematics and Statistics — it provides a platform for local and international researchers to present findings and network with peers and experts. Submitted papers undergo stringent review by discipline experts to ensure quality, with selected oral presentations published in the conference proceedings, and a select few featured in the Faculty's journal.

Now in its sixth consecutive year, SICASH drew strong participation from academics, students, researchers, and discipline experts, and was widely commended for the high quality of research presented and its contribution to knowledge dissemination.

MathFest is another significant event organised by the Faculty of Humanities and Sciences through the Department of Mathematics & Statistics, celebrating the diverse aspects of mathematics and statistics while boosting interest and awareness among GCE A/L Mathematics stream school children. A collaborative effort supported by the Ministry of Education, MathFest features a range of activities designed to promote engagement and appreciation for Mathematics and Statistics among school students. Progressing from 2023 onwards, the event has grown — with Ananda College, Colombo 01. winning the title in 2026

SciFest, organised by the Faculty of Humanities and Sciences through the Department of Applied Sciences, is a comprehensive event that challenges students' knowledge through a quiz competition, complemented by an exhibition showcasing their work. The exhibition gives students a platform to display their projects, research findings, and innovative ideas. Interactive sessions led by senior professors and academics foster a rich learning environment, encouraging intellectual exchange within both the academic and student communities in Applied Sciences.

OUR STUDENTS, OUR PRIDE

My journey at SLIIT strengthened my scientific knowledge, confidence, and leadership through research and active campus involvement, preparing me for the industry.

Mr. Nipun Himasha
Quality Assurance Executive, Ceylon
Biscuits Limited (CBL)
BSc Hons in Biotechnology

My SLIIT journey in Financial Mathematics strengthened my skills in mathematics, statistics, finance, and data analysis, preparing me for a career in financial analysis and data-driven decision-making.

Graduate – B.Sc. (Hons) Financial
Mathematics & Applied Statistics

My first two years in the BA (Hons) in English Studies have built a strong foundation in literature, communication, critical thinking, and creativity, while opening doors to diverse academic and career opportunities.

Arjuni
BA (Hons) in English

Graduating from SLIIT with First Class Honours in Law has been a significant milestone. The university's strong academic foundation, practical exposure, and supportive lecturers have prepared me for my journey towards becoming a lawyer.

Janani Kanchana Weerapperuma
LLB (Hons) in Law

SCHOOL OF ARCHITECTURE

Established in 2016, the school was founded to produce architecture graduates of the highest calibre, creative, world-class, and sought after by industry for their skill and professionalism. Both the BSc (Hons) and MSc degrees in Architecture are offered in collaboration with Liverpool John Moores University, UK, giving students international exposure and standards.

SLIIT School of Architecture has received Part 1 full accreditation from the Sri Lanka Institute of Architects for its BSc (Hons) Architecture (LJMU) / Advanced Diploma in Architecture (SLIIT) programme.

Alongside this global platform, the programme places strong emphasis on fostering Sri Lankan architectural identity. Students gain a solid grounding in Sri Lankan architecture and heritage under eminent academic experts, while also being exposed to international working standards, current technologies, and global architectural knowledge and practice.

BSc (HONS) ARCHITECTURE

ABOUT THE PROGRAMME

Architecture is art, science, business and passion, the discipline of harmonising the man-made environment with the natural world. Architects leave a legacy that embodies the culture and traditions of their era. This pathway suits creative individuals with imagination, sensitivity and an appreciation for the technical craft of building and construction.

As an architect ultimately shapes both the aesthetics and functionality of our living spaces, this programme is designed to build knowledge, skill and sensitivity in equal measure throughout the student's architectural journey at SLIIT.

CAREERS

- Professional Architect
- Landscape Architect
 - Interior Designer
 - Urban Designer
- Town and Country Planner
- Conservation Specialist
 - Project Manager
 - Academic
- Product Designer
- 3D Modeler - Construction Industry/ Film Industry/ Gaming Industry

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English & Mathematics.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English & Mathematics.

Applicants should also pass the Special Aptitude Test conducted by SLIIT.

WHY CHOOSE

- Taught by a highly qualified panel of Professors, PhD holders, Chartered Architects and subject specialists
- Daily access to dedicated individual workspaces in modern studio environments
- International-standard facilities, including advanced computer labs and printing technology
- Fully accredited by SLIA Part I and RIBA Part I, ensuring globally recognised academic and professional standard

**OUR SYLLABUS IS BUILT BY THE
INDUSTRY, FOR THE INDUSTRY**

BA (HONS) INTERIOR DESIGN

ABOUT THE PROGRAMME

Offered by the School of Architecture in partnership with Liverpool John Moores University, this three-year BA (Hons) Interior Design programme delivers a globally recognised qualification that blends creative innovation with technical expertise. Studio-based learning, lectures and workshops bring together artistic vision and practical skill, grounding students in Sri Lanka's cultural context while embracing global design principles. Graduates emerge ready to excel locally and internationally, equipped with strong problem-solving abilities, confident communication skills, and the capability to navigate complex spatial and social design challenges.

CAREERS

- **Interior and Spatial Designers:**
Craft functional and visually appealing spaces for residential, commercial, and public settings.
- **Exhibition Designers:**
Design engaging displays for museums, galleries, and trade shows, integrating spatial design and multimedia.
- **Production Designers:**
Create sets for theatre, TV, and film, enhancing storytelling through collaboration with directors and art teams.
- **Visual Merchandisers:**
Develop retail displays that attract customers and showcase brand identity through effective use of layout, lighting, and colour

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English.

Successful completion of a Foundation programme accepted by SLIIT.

Applicants should also pass the Special Aptitude Test.

WHY CHOOSE

- Taught by a highly qualified panel of Professors, PhD holders, Chartered Architects and subject specialists
- Daily access to dedicated individual workspaces in modern studio environments
- International-standard facilities, including advanced computer labs and printing technology
- Sri Lanka's only Interior Design programme under a school of Architecture

**PROUDLY ACCREDITED WITH
RIBA PART II FULL ACCREDITATION**

MSc ARCHITECTURE

ABOUT THE PROGRAMME

This full-time, two-year master's degree in architecture is delivered by Liverpool John Moores University at SLIIT School of Architecture, with students registering directly with both institutions throughout the programme.

It is open to holders of an LJMU BSc (Hons) Architecture degree or an equivalent Part I bachelor's degree (minimum 3 years) in Architecture.

CAREERS

Graduates are equipped for roles as Architectural Designers or Interns under Chartered Architects, or within government institutions, and may pursue further research up to PhD level. With Part I and II qualifications from SLIA, graduates become eligible to sit for the Part III Charter Examinations following a required monitored training period.

WHAT YOU'LL GAIN

- Ability to generate complex, original design proposals informed by current architectural issues
- Skills to analyse, critically appraise and communicate design work through visual, graphical, oral and written media, using the latest technology
- Capability to evaluate materials, processes and construction techniques and integrate them into practicable designs
- Advanced research skills to produce original scholarship on architectural history, theory, culture and technology
- Understanding of the architect's role in procurement, production, legislation and financial feasibility

OUR STUDENTS, OUR PRIDE

My journey at the SLIIT School of Architecture, spanning both my BSc (Hons) and MSc in Architecture programs, has been the most defining chapter of my professional growth. Starting as an undergraduate, design studio tackled real-world challenges, blending technical mastery with explorations of history, culture, and human behavior.

A major highlight of this journey was receiving the Best Overall Performance Award for the Part I Examination from the Sri Lanka Institute of Architects (SLIA). Advancing into my Masters studies following valuable industry training allowed me to provide architectural solutions aided with community resilience in larger scales covering complex urban settings across contemporary and historical sites in Sri Lanka. In my Masters graduation, I was honored by the best thesis project award.

The dedicated faculty guidance and interactive studio culture provided the ideal balance of creative freedom and rigorous discipline. I am proud to have completed both degrees at SLIIT, leaving with the skills, confidence, and perspective needed to build a meaningful career in architecture both as an Architect and an Academic.

Mr. Chamuditha Koralage
Project Architect - MICD Associates
BSc(Hons) & MSc Alumnus |
Best Overall Performance awardee at
Sri Lanka Institute of Architects
Part I Examination 2023

My journey through both the BSc (Hons) and MSc Architecture programs at the SLIIT School of Architecture has been instrumental in shaping my path as an architectural researcher and scholar. I had the privilege of transferring into the Year 02 of the Master of Architecture programme at Liverpool John Moores University in UK and equipped myself with foreign academic exposure.

To be able to succeed in the global platform, SLIIT School of Architecture provided me a rigorous, creative, and collaborative environment of growth where I built a strong foundation in design, sustainable practices, and life – centered space creation .

The dedicated guidance from the academic staff of the school and the immersive studio culture and peer learning developed my expertise to look beyond traditional boundaries, equipping me with the analytical and technical skills essential for advanced academic research. I am deeply grateful to SLIIT for laying the groundwork for my ongoing PhD studies.

Ms. Viduni Pathirana
PhD Candidate | Ulster University

BSc(Hons) & MSc Alumnus |

SLIIT SCHOOL OF BUSINESS AND AI

Every industry is being rewritten, not by machines alone, but by the people who know how to think alongside them. The SLIIT School of Business and AI (SBAI) is a new school established to build professionals who sit at the intersection of both worlds. With a business-led, AI-enhanced outlook, the SBAI equips its graduates for tomorrow's challenges.

Designed for students who are drawn to business with a passion for emerging technology and innovation, SBAI's programmes translate these interests into competitive business advantages. Drawing on the strength of SLIIT's established School of Business and Faculty of Computing, SBAI enables students to be leaders of modern business beyond borders.

BBA (HONS) SPECIALISING IN BUSINESS AND AI

ABOUT THE PROGRAMME

A four-year business and AI degree, designed to develop the student's capacity to evaluate where artificial intelligence adds value to an organisation. Students build a full business core, encompassing finance, operations, marketing, strategy, and law, with artificial intelligence applied across each discipline.

Working directly with AI solutions, students learn not just to use AI but to critically evaluate what it produces, bridging the worlds of business and technology. This unique skill will result in graduates who create value for businesses, leveraging emerging technology to meet the challenges of a rapidly evolving landscape.

CAREERS

- AI Business / Systems Analyst
 - Automation Lead
- Business Intelligence Analyst / Developer
 - AI Solutions / Technology Consultant
- Digital Transformation Analyst / Consultant
 - AI Product Analyst
 - Associate AI Product Manager
- AI Governance / Responsible AI Analyst

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 "S" passes in Commerce stream AND a "S" pass in O/L English OR A/L General English.

OR

Minimum of 3 "S" passes in any stream with "Economics" as a main subject AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English)

OR

Minimum of 3 "S" passes in any stream AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) AND completing the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes for subjects equivalent to the Commerce stream of Local A/Ls AND a "D" pass in O/L English.

OR

Minimum of 3 "D" passes in any stream with "Economics" as a main subject AND "D" passes for O/L Mathematics and English.

OR

Minimum of 3 "D" passes in any stream AND "D" passes for O/L Mathematics and English AND completing the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

BBA (HONS) SPECIALISING IN FINANCIAL TECHNOLOGY

ABOUT THE PROGRAMME

A four-year financial technology degree, designed for students navigating finance in the age of digital transformation. Students build a strong accounting and finance core, with emerging technology applied across auditing, risk and payments, alongside a business core in strategy, operations and law.

Incorporating developments in the world of finance, from digital systems to blockchain technology, students will also learn how to apply them in practice. Sitting at the intersection of technology and finance, graduates will be equipped to navigate the growing fintech ecosystem.

CAREERS

- FinTech Engineer
- Financial Technology Analyst
 - Financial Data Analyst
- Banking / Financial Systems Analyst
 - Risk Analytics Analyst
- Fraud / Financial Crime Analytics Analyst
- Digital Payments / FinTech Product Analyst
- RegTech / Compliance Technology Analyst
- Quantitative / Algorithmic Trading Analyst

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes in Commerce stream AND a “S” pass in O/L English OR A/L General English.

OR

Minimum of 3 “S” passes in any stream with “Economics” as a main subject AND “S” passes for O/L Mathematics and English (“S” pass for A/L General English is accepted in place of O/L English)

OR

Minimum of 3 “S” passes in any stream AND “S” passes for O/L Mathematics and English (“S” pass for A/L General English is accepted in place of O/L English) AND completing the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes for subjects equivalent to the Commerce stream of Local A/Ls AND a “D” pass in O/L English.

OR

Minimum of 3 “D” passes in any stream with “Economics” as a main subject AND “D” passes for O/L Mathematics and English.

OR

Minimum of 3 “D” passes in any stream AND “D” passes for O/L Mathematics and English AND completing the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

BSc (HONS) INFORMATION TECHNOLOGY SPECIALISING IN INFORMATION SYSTEMS ENGINEERING

ABOUT THE PROGRAMME

This programme builds a sound understanding of both the technical and organisational aspects of ICT, preparing graduates to bridge technical and management communities within an organisation. ISE graduates play a key role in specifying, designing, implementing, and managing information systems.

The curriculum covers business and systems analysis, requirements engineering, systems design, business process re-engineering, enterprise resource planning, and core business fundamentals including marketing, accounting, and HR management. Students gain hands-on experience through industry internships and engagement with ICT organisations, making the programme ideal for those interested in integrating IT solutions with business processes.

Students undertake a mandatory six-month industry placement after their second year.

CAREERS

- Business Analyst
- Business Process Analyst
- Systems Analyst
- Enterprise Architect
- Project Manager
- IT Business Manager
- Software/Application Developer
- Database Administrator
- Software Quality Assurance Engineer
- Product Owner
- ICT Consultant

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 “S” passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 “D” passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a “C” pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/ Computer Science as a main subject for A/Ls AND obtained a “C” pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

BBA (HONS) SPECIALISING IN MANAGEMENT INFORMATION SYSTEMS

ABOUT THE PROGRAMME

Management Information Systems (MIS) is where business meets technology — providing the vital link between the two to solve business problems, improve productivity, and support organisations in achieving their goals. This four-year programme equips students with the theoretical and practical knowledge to apply IT effectively in a fast-moving business world.

Graduates progress into roles as business analysts, consultants, innovators, and entrepreneurs, well-placed to enhance both organisational performance and quality of life through technology.

MIS suits students who are natural problem-solvers — comfortable multitasking, embracing challenges, and initiating new projects. They handle ambiguity well, thrive in team settings, and can move fluidly between the big picture and the finer details, all while working hard toward high-payoff outcomes.

CAREERS

- Business Analyst
- System Analyst
- Functional/Technical Lead
- Project Manager
- E-Commerce Specialist
- UI/UX Designer
- Quality Assurance Engineer
- Database Administrator
- Enterprise Systems Consultant
- IS Strategy Consultant
- Chief Technology Officer (CTO)

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 3 “S” passes in Commerce stream AND a “S” pass in O/L English OR A/L General English.

OR

Minimum of 3 “S” passes in any stream with “Economics” as a main subject AND “S” passes for O/L Mathematics and English (“S” pass for A/L General English is accepted in place of O/L English)

OR

Minimum of 3 “S” passes in any stream AND “S” passes for O/L Mathematics and English (“S” pass for A/L General English is accepted in place of O/L English) AND completing the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 “D” passes for subjects equivalent to the Commerce stream of Local A/Ls AND a “D” pass in O/L English.

OR

Minimum of 3 “D” passes in any stream with “Economics” as a main subject AND “D” passes for O/L Mathematics and English.

OR

Minimum of 3 “D” passes in any stream AND “D” passes for O/L Mathematics and English AND completing the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

SLIIT GLOBAL PATHWAYS

The University of Edinburgh

The University of Edinburgh is one of the world's leading universities, renowned for its historic contributions to knowledge and innovation. With a legacy of academic excellence spanning over 400 years, Edinburgh gives SLIIT students the opportunity to engage with advanced research and intellectual leadership across multiple disciplines, preparing graduates to make a profound impact on a global scale.

- Ranked 35th in the QS World University Ranking 2027
- Over 24,000 international students
- 400+ years of academic excellence
- Leading sustainability initiatives
- Top-tier research and teaching resources

Monash University, Australia

Monash University is one of Australia's leading universities, renowned for its excellence in teaching, research, innovation, and global engagement. With a strong international reputation and a diverse academic community, Monash equips students with the knowledge, skills, and global perspective needed to succeed in an evolving world. Students transferring to Monash University Australia through the SLIIT Pathway will be eligible to receive a study grant of AUD 10,000 per year for up to two years.

- Ranked 31st in the QS World University Rankings 2027
- Member of Australia's prestigious Group of Eight (Go8)
- Strong global reputation for graduate employability and career outcomes
- World-leading research, innovation and state-of-the-art facilities
- Diverse and globally connected international student community

The University of Queensland (UQ)

The University of Queensland (UQ) is one of Australia's foremost research and teaching institutions, committed to delivering excellence in education through knowledge transfer, research opportunities, and global collaboration. With over a century of academic excellence, UQ equips students to become leaders in an ever-evolving global landscape. Students transferring from SLIIT are entitled to a 25% concession on their annual course fee.

- Ranked 40th in the QS World University Ranking 2027
- Member of Australia's prestigious Group of Eight (Go8)
- World-class employability outcomes
- Cutting-edge research facilities
- Diverse international student community

The University of Western Australia (UWA)

The University of Western Australia (UWA) is a proud member of Australia's prestigious Group of Eight. Built on a rich tradition of academic excellence, UWA offers world-class education and research, giving students transferring through SLIIT access to cutting-edge resources and opportunities to excel on a global stage.

- Ranked 77th in the QS World University Rankings 2027
- Nine subjects ranked in the world's Top 50
- Strong industry connections and employability
- Vibrant campus life with 100+ clubs
- Affordable living and sunny climate

BACHELOR OF ENGINEERING (HONS) ELECTRONICS & ELECTRICAL ENGINEERING

ABOUT THE PROGRAMME

This programme gives students a strong grounding in electronic circuits, power systems, and signal processing, paired with hands-on experience designing, testing, and optimising real electrical systems. Graduates leave ready to build careers in the fast-growing world of electronics and electrical engineering.

CAREERS

- Electronics engineer
- Electrical systems designer
- Power systems engineer
- Telecommunications engineer
- Control systems engineer
- Embedded systems developer

THE UNIVERSITY
of EDINBURGH

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry). Successful completion of a Foundation programme Accepted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

To transfer, the students should maintain the minimum GPA requirement specified by the University of Edinburgh.

Duration:
4 Years

Location:
Year 1 & 2 - SLIIT, Sri Lanka
Year 3 & 4 - The University of Edinburgh, UK

University Transfers:
Guaranteed GBP 3,500 Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF ENGINEERING (HONS) CIVIL ENGINEERING

ABOUT THE PROGRAMME

This programme offers a well-rounded education in designing, building, and maintaining the infrastructure systems that shape our world.

Students build expertise across structural, geotechnical, transportation, and environmental engineering, gaining the practical skills to tackle real-world engineering challenges.

CAREERS

- Civil engineer
- Structural engineer
- Geotechnical engineer
- Environmental engineer
- Water resources engineer
- Transportation engineer

THE UNIVERSITY
of EDINBURGH

ENTRY REQUIREMENTS

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

To transfer, the students should maintain the minimum GPA requirement specified by the University of Edinburgh.

Duration:

4 Years

Location:

Year 1 & 2 - SLIIT, Sri Lanka

Year 3 & 4 - The University of Edinburgh, UK

University Transfers:

Guaranteed GBP 3,500 Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF PSYCHOLOGY

ABOUT THE PROGRAMME

SLIIT-Monash transfer program in Psychology is designed for those with a passion for understanding human thoughts, feelings and behaviour, providing you with a comprehensive education in human psychology.

Throughout the duration of the course, you will build a strong foundational understanding of the core areas of psychology and equip yourself with the skills that will enable you to pursue diverse pathways into research, mental health and wellbeing, human resources, and community services.

HOW THE TRANSFER WORKS

Complete pre-approved units in your first year at SLIIT between the 2 approved first-year routes: 4-year BSc (Hons) Psychology program; or the joint 3-year SLIIT/Liverpool John Moores University (LJMU) program and transfer into Year 2 of the Bachelor of Psychology. After completion of Year 2 and Year 3 at Monash, you will graduate with a Bachelor of Psychology from Monash University.

MONASH
University

Duration:
3 Years

Location:
Year 1 - SLIIT, Sri Lanka
Year 2 & 3 - Monash University, Australia

ENTRY REQUIREMENTS

ENTRY REQUIREMENTS BY MONASH

- Academic Performance: CGPA of 3.6 on a 4 point grading scale across all required units completed at SLIIT
- English entry requirements: Overall score of 6.5 in IELTS (Academic), with minimum band scores: Listening 6.0, Reading 6.0, Writing 6.0 and Speaking 6.0

ENTRY REQUIREMENTS BY SLIIT

- Local A/Ls: Minimum of 3 "S" passes in any stream
- Cambridge/ Edexcel A/Ls: Minimum of 3 "D" passes in any stream or
- Successful completion of a Foundation programme accepted by SLIIT

CAREERS

- Clinical Psychologist
- Counseling Psychologist
 - Psychotherapist
- Marital & Family Counselor
 - Psycho-social Worker
- Mental Health Researcher
 - Addiction Counselor
 - Child Psychologist
- Educational Psychologist
 - School Counselor
 - Special Needs Teacher
- Early Childhood Specialist
 - Business Psychologist
 - HRM Consultant
 - HR Researcher
- Marketing Strategist
- Ergonomics Specialist
 - Corporate Trainer
 - Brand Consultant

BACHELOR OF BIOMEDICAL SCIENCE

ABOUT THE PROGRAMME

The Bachelor of Biomedical Science is your chance to explore the science behind health and disease. You'll dive into the fascinating world of biology and medicine, learning how illnesses develop, how they affect the body, and how we can treat or prevent them.

If you're passionate about making a difference in healthcare or want to be part of the next big medical breakthrough, this multidisciplinary course offers units relating to biomedical chemistry, bioinformatics and human genetics.

HOW THE TRANSFER WORKS

The SLIIT-Monash transfer programme is structured as a 1+2 credit transfer pathway from SLIIT's BSc in Biomedical Science into Monash's Bachelor of Biomedical Science. SLIIT students are required to complete all pre-approved units in Year 1 before transferring to Monash.

MONASH
University

Duration:
3 Years

Location:
Year 1 - SLIIT, Sri Lanka
Year 2 & 3 - Monash University, Australia

ENTRY REQUIREMENTS

ENTRY REQUIREMENTS BY MONASH

- Academic Performance: CGPA of 3.1 on a 4 point grading scale across all required units completed at SLIIT
- English entry requirements: Overall score of 6.5 in IELTS (Academic), with minimum band scores: Listening 6.5, Reading 6.5, Writing 6.0 and Speaking 6.0

ENTRY REQUIREMENTS BY SLIIT

- Local A/Ls: Minimum of 3 "S" passes in the Biological Science Stream.
- Cambridge/ Edexcel A/Ls: Minimum of 3 "D" passes in the Biological Science Stream.
- Applicants should also pass the Aptitude Test conducted by SLIIT.

CAREERS

- Biomedical Scientist/ researcher
 - Clinical Laboratory Scientist
 - Pharmaceutical Scientist
 - Toxicologist
 - Genetic Counselor
 - Clinical Trial Coordinator
 - Pathologist
 - Medical Physicist
 - Immunologist
 - Molecular Biologist
 - Epidemiologist
 - Bioinformatician
 - Neuroscientist
 - Biotechnology Product Developer
 - Regulatory Affairs Specialist
 - Medical Science Liaison
 - Quality Control Analyst
 - Forensic Scientist
 - University Lecturer
- (Upon completion of postgraduate training - MSc, MPhil, PhD)

BACHELOR OF COMMERCE

ABOUT THE PROGRAMME

This programme gives students a solid grounding in accounting, finance, and economics, building the skills to analyse financial data, manage resources, and read market trends with confidence.

Graduates are well prepared for careers across banking, corporate finance, and consultancy.

CAREERS

- Accountants
- Financial Analysts
 - Auditor
- Investment banker
 - Tax consultant
- Financial planner

ENTRY REQUIREMENTS

Minimum of 3 “S” passes in G.C.E A/L (Sri Lanka) or 3 “D” passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

The Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:

3 Years

Location:

Year 1 - SLIIT Sri Lanka

Year 2 & 3 - The University of Queensland, Australia

University Transfers:

Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

BACHELOR OF ECONOMICS

ABOUT THE PROGRAMME

This programme builds a strong foundation in economic theory, policy analysis, and quantitative methods, equipping students to analyse global markets, forecast economic trends, and shape policy solutions.

Graduates are well prepared for careers in finance, consultancy, and government.

CAREERS

- Accountants
- Financial Analysts
 - Auditor
- Investment banker
- Tax consultant
- Financial planner

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

The Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:
3 Years

Location:
Year 1 - SLIIT Sri Lanka
Year 2 & 3 - The University of Queensland, Australia

University Transfers:
Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF BUSINESS MANAGEMENT

ABOUT THE PROGRAMME

Offered at the University of Queensland, this programme builds essential management, leadership, and strategic thinking skills through a solid grounding in business operations, marketing, finance, and human resource management — preparing students for leadership roles in global business environments.

CAREERS

- Business analyst
- Marketing Managers
- Human Resources Managers
 - Project manager
 - Financial consultant
 - Operations manager

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 3 “S” passes in G.C.E A/L (Sri Lanka) or 3 “D” passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:
3 Years

Location:
Year 1 - SLIIT Sri Lanka
Year 2 & 3 - The University of Queensland, Australia

University Transfers:
Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF ENGINEERING (HONS) CIVIL

ABOUT THE PROGRAMME

Offered at the University of Queensland, this programme equips students with the skills and knowledge to design, construct, and maintain infrastructure — from roads and bridges to buildings and water systems. It combines practical and theoretical learning to tackle real-world engineering challenges, opening the door to diverse career opportunities in civil engineering.

CAREERS

- Civil engineer
- Structural engineer
- Geotechnical engineer
- Environmental engineer
- Transport engineer
- Water resources engineer

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 2 “C” passes and 1 “S” pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and the same sitting OR

2 “B” passes and 1 “C” pass in Cambridge or Edexcel A/ Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and the same sitting AND pass the Aptitude test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:

4 Years

Location:

Year 1 & 2 - SLIIT Sri Lanka

Year 3 & 4 - The University of Queensland, Australia

University Transfers:

Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF ENGINEERING (HONS) ELECTRICAL

ABOUT THE PROGRAMME

This programme focuses on the design and development of electrical systems and components, giving students deep knowledge of electrical circuits, power systems, and electronics. Students learn to design solutions for energy efficiency, telecommunications, and electronics systems.

CAREERS

- Electrical engineer
- Power systems engineer
- Electronics engineer
- Telecommunications engineer
- Automation engineer
- Renewable energy consultant

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and the same sitting OR

2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and the same sitting.

Or successful completion of a Foundation programme accepted by SLIIT.

Pass the Aptitude test conducted by SLIIT.

Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:
4 Years

Location:
Year 1 & 2 - SLIIT Sri Lanka
Year 3 & 4 - The University of Queensland, Australia

University Transfers:
Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF ENGINEERING (HONS) MECHANICAL

ABOUT THE PROGRAMME

This programme teaches the core principles of mechanics, thermodynamics, and materials science, giving students the skills to design, analyse, and improve mechanical systems — from engines to advanced robotics. Graduates are prepared for diverse roles across manufacturing, aerospace, and automotive engineering.

CAREERS

- Mechanical engineer
- Aerospace engineer
- Automotive engineer
- Manufacturing engineer
 - Robotics engineer
- Energy systems engineer

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 2 “C” passes and 1 “S” pass in G.C.E.A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and the same sitting OR

2 “B” passes and 1 “C” pass in Cambridge or Edexcel A/ Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and the same sitting.

Or successful completion of a Foundation programme accepted by SLIIT.

Pass the Aptitude test conducted by SLIIT.

Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:
4 Years

Location:
Year 1 & 2 - SLIIT Sri Lanka
Year 3 & 4 - The University of Queensland, Australia

University Transfers:
Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF ENGINEERING (HONS) MECHATRONIC

ABOUT THE PROGRAMME

This programme blends mechanical, electrical, and computer engineering to build skills in automation, robotics, and smart systems. With hands-on experience designing and controlling real systems, students are prepared for cutting-edge roles in robotics and AI-driven industries.

CAREERS

- Mechatronics engineer
- Robotics engineer
- Automation engineer
- Control systems engineer
- Industrial designer
- AI systems developer

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and the same sitting OR

2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and the same sitting.

Or successful completion of a Foundation programme accepted by SLIIT.

Pass the Aptitude test conducted by SLIIT.

Applicant should maintain a minimum GPA of 2.5 to transfer.

Duration:

4 Years

Location:

Year 1 - SLIIT Sri Lanka

Year 2 to 4 - The University of Queensland, Australia

University Transfers:

Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF INFORMATION TECHNOLOGY

ABOUT THE PROGRAMME

This programme builds a strong foundation in computer systems, software development, and IT project management, alongside practical skills in database management, web development, and network security — preparing graduates to excel in the fast-evolving tech industry.

CAREERS

- IT consultant
- Software developer
- Systems analyst
- Database administrator
- Network architect
- Cyber security specialist

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/LS.

Or successful completion of a foundation program accepted by SLIIT.

Pass the Aptitude Test conducted by SLIIT.

Applicants should maintain a minimum GPA of 2.5 to transfer.

Duration:
3 Years

Location:
Year 1 - SLIIT Sri Lanka
Year 2 & 3 - The University of Queensland, Australia

University Transfers:
Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BACHELOR OF COMPUTER SCIENCE

ABOUT THE PROGRAMME

This programme offers a deep understanding of all aspects of computer technology, building the analytical, logical, and development skills needed to advance computing and its applications. Students gain a solid technical foundation to play a critical role in creating, developing, implementing, and evaluating new systems.

CAREERS

- Software engineer
 - Data scientist
- Machine learning engineer
- Technical business analyst
 - Data engineer
 - Statistical analyst
 - Security architect
- Cybersecurity analyst

**THE UNIVERSITY
OF QUEENSLAND**
AUSTRALIA

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/Ls and pass the Aptitude Test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

Pass the Aptitude Test conducted by SLIIT.

Applicants should maintain a minimum GPA of 2.5 to transfer.

Duration:
3 Years

Location:
Year 1 - SLIIT, Sri Lanka
Year 2 & 3 - The University of Queensland, Australia

University Transfers:
Guaranteed 25% Vice Chancellor's Scholarships for SLIIT Pathway Students (Conditions Apply)

BSc (HONS) SOFTWARE ENGINEERING

ABOUT THE PROGRAMME

Offered at the University of Queensland, this programme develops in-demand software engineering expertise through a strong foundation in programming, software design, systems development, cybersecurity, and emerging technologies — preparing graduates to build innovative digital solutions and excel in global technology careers.

Duration:
3 Years

Location:
All three years to be done in Malabe or Colombo

ENTRY REQUIREMENTS

Minimum of 3 “S” passes in G.C.E A/L (Sri Lanka) or 3 “D” passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

Applicant should maintain minimum GPA of 2.5 to transfer.

THE UNIVERSITY OF QUEENSLAND ‘DESIGNING SOLUTIONS FOR IMPACT’ COMPETITION

Reflecting SLIIT’s commitment to nurturing innovation and entrepreneurial thinking among youth, SLIIT hosts The University of Queensland’s ‘Designing Solutions for Impact’ challenge, showcasing the potential of young minds to create meaningful solutions using technology. This innovative inter-school competition encourages entrepreneurship among high school students, giving them a platform to develop entrepreneurial skills and learn how to harness technology to address real-life problems.

THE UNIVERSITY OF
**WESTERN
AUSTRALIA**

BACHELOR OF SCIENCE (COMPUTER SCIENCE & CYBER SECURITY)

ABOUT THE PROGRAMME

This programme combines foundational computer science knowledge with specialised training in cyber security, teaching students to design secure systems, identify vulnerabilities, and respond to cyber threats. Graduates are well prepared for the high-demand field of cyber security, ready to help protect businesses and institutions from attack.

CAREERS

- Cyber security analyst
 - Ethical hacker
- Information security manager
 - Network security administrator
- Cyber security consultant
- Security systems developer

ENTRY REQUIREMENTS

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/Ls.

Or Successful Completion of a Foundation Programme Accepted by SLIIT.

Pass the Aptitude Test conducted by SLIIT.

Duration:

3 Years

Location:

Year 1 - SLIIT, Sri Lanka

Year 2 & 3 - The University of Western Australia

University Transfers:

Guaranteed transfer to year 02 of The University of Western Australia (Conditions Apply)

THE UNIVERSITY OF

BACHELOR OF ARTIFICIAL INTELLIGENCE

ABOUT THE PROGRAMME

Experience the best of both worlds with Deakin University's Bachelor of Artificial Intelligence, delivered right here at SLIIT in Sri Lanka.

- Exclusive to Sri Lanka: Study the only Australian Bachelor of AI programme available locally, gaining access to Deakin's expertise without leaving home.
- Stay Close to Home: Study in Sri Lanka while earning a degree recognised worldwide.
- Global-Standard Curriculum: Follow the exact same syllabus as Deakin University in Australia for a world-class education.
- Direct Access to Deakin Resources: As a Deakin student, enjoy full access to their library and study materials.
- Industry-Driven Learning: Gain hands-on experience through practical labs, real-world projects, and engagement with industry leaders.
- Engaging Faculty Interaction: Learn directly from Deakin faculty, who visit Sri Lanka every semester to bring the global classroom to you.

This programme prepares you for an exciting career in the fast-growing field of Artificial Intelligence — with flexibility, support, and resources to help you succeed.

DEAKIN
UNIVERSITY

ENTRY REQUIREMENTS

Local A/L: Minimum of 3 "S" Passes in any Stream or

Cambridge/Edexcel A/L: Minimum of 3 "D" Passes in Any Stream or

Applicants who have successfully completed SLIIT International Foundation (Artificial Intelligence).

Pass the Aptitude Test conducted by SLIIT.

Duration:
3 Years

Location:
Students have the flexibility to either complete all three years of the degree at SLIIT in their home country or transfer to Deakin University in Australia to complete.

CAREERS

- AI Specialist
- Data Scientist
- Machine Learning Engineer
- Robotics Developer

SLIIT INTERNATIONAL FOUNDATION

The SLIIT International Foundation (SIF) is a preparatory programme designed to set students up for success in undergraduate study, building subject knowledge, study skills and English language proficiency for a smooth transition to higher education. It's a pathway to a foreign degree in Engineering, Artificial Intelligence, Computing, Business, Fashion Business & Management, Psychology, Quantity Surveying, Interior Design, Nursing or Law. While some of these degrees can be completed in Sri Lanka, for others you can start your studies in Sri Lanka and transfer to an overseas university for completion.

MASTER OF BUSINESS ADMINISTRATION MBA

ABOUT THE PROGRAMME

The SLIIT MBA has been carefully designed to meet current industry needs, developed in consultation with industry experts and academia from renowned institutions both locally and globally, and approved by the Ministry of Higher Education.

The programme stands out among MBAs offered in Sri Lanka through several distinctive strengths:

- Renowned faculty — Access to distinguished professors from highly ranked overseas and Sri Lankan universities, as well as professional organisations
- Expert-led teaching — A panel of lecturers holding PhDs or higher qualifications, combined with hands-on industry experience
- Industry engagement — Interactive sessions with high-calibre business personalities, both local and international
- Industry-aligned curriculum — Course content shaped by industry expert input and approved by the Ministry of Higher Education

WHY CHOOSE SLIIT POSTGRADUATE PROGRAMMES?

 NO 01 NON-STATE UNIVERSITY IN SRI LANKA

 GLOBALLY RECOGNISED

 PANEL OF HIGH QUALITY LECTURERS

 EXCELLENT RESEARCH GUIDANCE

 HIGHEST NUMBER OF RESEARCH PUBLICATIONS AMONG THE NON-STATE HEIs

 STATE-OF-THE-ART FACILITIES AND ACCESS TO TOP-END RESEARCH INFORMATION

 HIGH QUALITY CUSTOMER-ORIENTED SERVICE AND ADHERING TO THE PLANNED COURSE SCHEDULE

The programmes are offered by SLIIT as approved by the Ministry of Education in Sri Lanka & Recognized by UGC

MASTER OF SCIENCE MSc

ABOUT THE PROGRAMME

SLIIT, which is recognised by the Ministry of Education and the University Grants Commission of Sri Lanka, offers Master's degrees in:

- Artificial Intelligence
- Information Technology
- Information Systems
- Information Management
- Information Technology specialising in Cyber Security
- Information Technology specialising in Enterprise Application and Development

INFORMATION TECHNOLOGY

The MSc in Information Technology builds a core of advanced IT knowledge, supplemented by options in Software Engineering, Computer Networks, e-Business Technologies, Database Management and Administration, and Business Information Systems. The programme addresses current and emerging developments in IT, offering in-depth study of advanced topics to prepare graduates for the challenges of an information-driven economy. It is designed to produce well-rounded professionals in Information Technology, Computer Science, and Software Engineering, equipping them with the knowledge, skills, and mindset that digital-first organisations and government agencies seek in tomorrow's business and technology leaders.

INFORMATION SYSTEMS

The MSc in Information Systems covers areas critical to IT employers, including project and change management, emerging technologies, IT strategy and governance, compliance, security, and service provision. Students build strong capabilities in managing business processes through information and communications technology, alongside transferable skills in problem-solving, collaboration, and project management. Graduates are well-placed for roles in top firms and government agencies as management consultants, systems analysts, IT infrastructure managers, business analysts, data architects, IS lead auditors, Chief Information Officers, Chief Knowledge Officers, Chief Privacy Officers, and project managers.

INFORMATION TECHNOLOGY SPECIALISING IN CYBERSECURITY

The MSc in Information Technology specialising in Cyber Security addresses a critical global challenge facing governments, businesses, and individuals. As reliance on online services grows, so does the need to keep digital systems secure, resilient, and trustworthy. Rising cyber threats have created urgent demand for specialists equipped to build and maintain secure computing infrastructure. This programme prepares graduates with the knowledge and skills to handle cyber security threats, manage data access across distributed networks, and safeguard organisations in an increasingly connected digital economy.

MASTER OF SCIENCE MSc

INFORMATION TECHNOLOGY SPECIALISING IN ENTERPRISE APPLICATIONS DEVELOPMENT

The MSc in Information Technology specialising in Enterprise Applications Development is designed for those aspiring to become Software Architects. Software engineers and developers gain the techniques and technologies needed to architect and engineer large-scale software systems. Responding to a long-standing need among practising professionals, this programme offers a master's-level pathway for career advancement, combining technical depth with real-world application. Graduates emerge equipped to lead complex enterprise software projects and drive innovation within organisations navigating increasingly sophisticated digital infrastructure demands.

INFORMATION MANAGEMENT

The MSc in Information Management gives students a competitive edge in business development and planning through IT. Students learn a proven framework for integrating IT with business by building comprehensive IT Strategic Plans, gaining the information literacy and technical skills needed in a fast-changing environment shaped by networks, electronic publishing, and the internet. Graduates learn to evaluate and apply appropriate methods for managing and disseminating information securely, while developing critical awareness of ICT's role in strategic management and decision-making. Designed for IT graduates and professionals with managerial experience.

ARTIFICIAL INTELLIGENCE

As AI transforms industries from healthcare and finance to robotics and cloud computing, professional qualification in the field has never been more vital. The MSc in Artificial Intelligence equips graduates with cutting-edge expertise in machine learning, deep learning, generative AI, robotics, and responsible AI. Shaped by leading academics and industry experts, the programme blends academic rigour with practical application and strong industry alignment. Graduates gain technical skill alongside the critical thinking and ethical awareness needed to lead AI innovation, opening doors to roles such as AI Engineer, Data Scientist, Robotics Engineer, and AI Consultant.

MSc IN ARCHITECTURE

This full-time, two-year master's degree in architecture is offered by Liverpool John Moores University (LJMU), UK, at SLIIT School of Architecture in Sri Lanka. Students register directly with both SLIIT and LJMU throughout the programme, as the full degree is conferred by LJMU. Applicants must hold an LJMU BSc (Hons) Architecture degree or an equivalent Part I bachelor's-level qualification (minimum three years) in Architecture.

PGDEd | MEd

POSTGRADUATE DIPLOMA IN EDUCATION (PGDEd)

For graduate teachers, and graduates aspiring to teach, the PGDEd is a must-have qualification for recognition as a fully qualified professional teacher. It is equally relevant for educational administrative personnel.

Designed for graduate teachers, lecturers, education administrators, and prospective teachers, the programme offers well-rounded modules covering the theory and practice of education, periodically reviewed to reflect current advancements in the field. Candidates complete a ten-week practicum in a school under a mentor's guidance to master the art and science of teaching.

Approved by the Ministry of Education, the University Grants Commission of Sri Lanka, and other relevant authorities, the PGDEd equips graduates and education officers to drive quality improvement through reformed teaching, learning, and professional competence.

MASTER OF EDUCATION (MEd)

Furthering teaching careers, the Master of Education (MEd) aligns with the Sri Lanka Qualifications Framework (SLQF) — Level 9 for the 12-month programme and Level 10 for the 24-month programme.

Students may choose the duration that best suits their needs. Those who complete the 24-month programme are eligible to register for a PhD or MPhil upon successful completion of MEd.

MPhil | PhD

MASTER OF PHILOSOPHY (MPhil)

MPhil degrees at SLIIT are offered in Computing, Engineering and Business disciplines. These research-based degrees aim to make original contributions to knowledge by providing meaningful solutions to current industry problems — solutions with the potential to evolve into emerging technologies.

The programme develops critical thinking and high-value research capabilities in committed, scientifically curious students who envision a long-term career built on research.

DOCTOR OF PHILOSOPHY (PhD)

PhD degrees at SLIIT are offered in Computing, Engineering, and Business. These research-based degrees aim to generate original contributions through the discovery of new knowledge, advancing key strategic areas while offering meaningful solutions to current industry problems that can evolve into emerging technologies. The programme builds the capacity for high-quality research in locally significant, globally relevant research priorities, nurturing determined students with strong scholastic aptitude who aspire to become leading academics and researchers. SLIIT's multi-disciplinary Honorary Professors' Network further complements this by providing access to foreign supervisors for related research.

OUR STUDENTS, OUR PRIDE

As a Trademark Attorney, the SLIIT MBA strengthened my business and management expertise while complementing my legal career. Its practical learning approach and experienced faculty have greatly contributed to my professional growth. I highly recommend the programme to aspiring business leaders.

Janaki Udayanthi Wanninayake
Legal Associate (Trademark Attorney)
Julius & Creasy Law Firm

Returning to higher education after many years, the SLIIT MSc in Information Systems provided a supportive and rewarding learning experience. The programme strengthened my expertise in information systems, enhanced my analytical thinking, and bridged my professional experience with academic knowledge. I highly recommend it to professionals seeking to advance their careers.

Lasitha Ranaweera
Principal Consultant – Temenos AG

The MSc in Information Systems at SLIIT has strengthened my expertise in information systems, IT governance, and digital transformation. The well-structured curriculum and supportive faculty enhanced my analytical and problem-solving skills, helping me grow professionally. I highly recommend this programme to professionals looking to advance their careers.

Rangi De Silva
Senior Executive - Internal Audit & Compliance, hSenid Business Solutions PLC

This Master's programme has been invaluable to my professional and academic growth. Its industry-focused curriculum, supportive faculty, and practical learning approach have strengthened my expertise in AI and emerging technologies. I highly recommend it to professionals looking to stay ahead in the tech industry.

Udari Liyanage
Senior Data Engineer at Sysco LABS Sri Lanka

The SLIIT MBA programme has enhanced my business knowledge, leadership skills, and professional growth through its practical curriculum and supportive learning environment. I highly recommend it to professionals seeking career advancement.

Neil Prasanna Fernando
Finance Manager – Veracity Group (Subsidiary of St. Anthony's Group)

The Colombo Academy of Hospitality Management (CAHM) is Sri Lanka's largest private hospitality education institute, located at the SLIIT Campus in Malabe. In partnership with William Angliss Institute (RTO 3045), Australia, CAHM delivers internationally recognised Australian qualifications in Hospitality Management, Tourism, Commercial Cookery, Patisserie, and Event Management.

At CAHM, students learn through hands-on practical training in modern facilities, including fully equipped training kitchens, a training restaurant, bar, café, and hotel suite room that replicate real industry environments. Through strong partnerships with leading local and international hospitality organisations, students gain valuable industry exposure, practical experience, and opportunities to learn from experienced professionals. Our industry-focused curriculum equips students with the knowledge, skills, and confidence needed to succeed in the global hospitality industry, ensuring every graduate is truly career-ready.

SCU

SCU was established in 2001 to provide education opportunities to a wider range of students who wish to progress their higher education with an industry oriented learning experience. A blend of theory and practice gives the edge to those who want to enter the workforce with a sound academic background and gives a competitive advantage over the others.

SCU offers Foundation and Undergraduate Degree Programs and Masters Program in Information Technology, Business, Engineering, Health & Life Sciences leading to UK, Australian or Canadian Degree Programs. Students can enrol in these programs after their O/Ls or A/Ls.

ADMISSION REQUIREMENTS FOR SLIIT UNDERGRADUATE DEGREES

- Advanced Level results need to be obtained in one & the same sitting. The results need to appear in one certificate.
- Applicants are also required to pass the Aptitude Test conducted by SLIIT in addition to fulfilling the entry requirement stated below.

COMPUTING

BSc (Hons) in Information Technology Specialising in

- Artificial Intelligence
- Information Technology

BSc (Hons) in

- Data Science
- Computer Systems Engineering
- Computer Science
- Software Engineering
- Cyber Security
- Creative Computing
- Computer Systems and Network Engineering

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 "S" passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND successfully complete the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 "D" passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND successfully complete of the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

BSc (Hons) Computer Science

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Physical Science Stream (Combined Mathematics, Physics & Chemistry or ICT) AND pass the Special Aptitude Test conducted by the Faculty of Computing.

Cambridge/Edexcel A/Ls: Minimum of 3 "C" passes (Covering Mathematics, Physics & Chemistry or Computer Science/IT) AND pass the Special Aptitude Test conducted by the Faculty of Computing.

BSc (Hons) Computer Systems Engineering

Advanced Level results need to be obtained in one and the same sitting.

Local A/Ls: A minimum of two "C" passes and one "S" pass in the Physical Science stream, covering Combined Mathematics, Physics and Chemistry, and pass the Special Aptitude Test conducted by the Faculty of Computing.

Cambridge/Edexcel A/Ls: A minimum of two "B" passes and one "C" pass in Mathematics, Physics and Chemistry, and pass the Special Aptitude Test conducted by the Faculty of Computing.

ENGINEERING

BSc Engineering (Hons) in

- Civil Engineering
- Electrical & Electronic Engineering
- Materials Engineering
- Mechanical Engineering
- Mechanical Engineering (Mechatronics Specialisation)

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (covering Mathematics, Physics & Chemistry).

Applicants should also pass the Aptitude Test conducted by SLIIT.

BSc (Hons) in Quantity Surveying

Advanced Level Results need to be obtained in one & the same sitting. The results need to appear in one certificate.

Local A/Ls: Minimum of 3 "S" passes for 1 subject mentioned under Category A and 2 subjects mentioned under Category B:

Category A – Combined Mathematics, Higher Mathematics

Category B – Accounting, Economics, Business Studies, Business Statistics, Physics, Chemistry or ICT AND "C" passes for O/L Mathematics & English and a "S" pass for O/L Science.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes for 1 subject mentioned under Category A and 2 subjects mentioned under Category B:

Category A – Mathematics, Further Mathematics

Category B – Accounting, Economics, Business Studies, Physics, Chemistry or Information Technology/Computer Science AND "C" passes for O/L Mathematics & English and a "D" pass for O/L Science (or equivalent subject).

BUSINESS

BBA (Hons) Specialising In

- Business Analytics
- Business Management
- Human Capital Management
- Marketing Management
- Logistics & Supply Chain Management
- Management Information Systems
- Quality Management

Advanced Level results must be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Commerce stream AND a "S" pass in O/L English OR A/L General English OR

Minimum of 3 "S" passes in any stream with "Economics" as a main subject AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) OR

Minimum of 3 "S" passes in any stream AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) AND successfully complete the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes for subjects equivalent to the Commerce stream of Local A/Ls AND a "D" pass in O/L English OR

Minimum of 3 "D" passes in any stream with "Economics" as a main subject AND "D" passes for O/L Mathematics and English OR

Minimum of 3 "D" passes in any stream AND "D" passes for O/L Mathematics and English AND successfully complete the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

BBA (Hons) Specialising in Accounting & Finance

Advanced Level results must be obtained in one and the same sitting.

Local A/Ls: Minimum of 3 "S" passes in the Commerce stream with "Accounting" as a main subject AND a "S" pass in O/L English OR A/L General English OR

Minimum of 3 "S" passes in any stream AND "C" passes for O/L Mathematics and Business & Accounting Studies AND a "S" pass in O/L English OR A/L General English. AND successfully complete the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in Commerce stream with "Accounting" as a main subject AND a "D" pass in O/L English. AND successfully complete the Business Bridging Programme conducted by SLIIT OR

Minimum of 3 "D" passes in any stream AND "C" passes for O/L Mathematics, Business and Accounting AND a "D" pass in O/L English.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

HUMANITIES & SCIENCES

BEd (Hons) in English

Local A/Ls: Minimum of 3 "S" passes with English as a main subject OR minimum of 3 "S" passes in any stream in English medium, in one and the same sitting AND pass the English Language test conducted by the Institute.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes with English/English literature as a main subject OR minimum of 3 "D" passes in any stream, in one and the same sitting.

BEd (Hons) in Social Sciences

Local A/Ls: Minimum of 3 "S" passes in the Arts or Commerce Stream in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in the Arts or Commerce Streams in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

BEd (Hons) in Physical Sciences

Local A/Ls: Minimum of 3 "S" passes including Combined Mathematics & Physics in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes including Mathematics & Physics in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

Subject to a minimum number of students as decided by the faculty.

BEd (Hons) in Biological Sciences

Local A/Ls: Minimum of 3 "S" passes including Biology & Chemistry in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes including Biology & Chemistry in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

Subject to a minimum number of students as decided by the faculty.

BSc (Hons) Financial Mathematics & Applied Statistics

Local A/Ls: Minimum of 3 "S" passes in any stream (covering Combined Mathematics).

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream (covering Mathematics).

BSc (Hons) Biomedical Science

Local A/Ls: Minimum of 3 "S" passes in Biology, Chemistry and Physics/ Agricultural Science/Mathematics in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in Biology, Chemistry and Physics/ Mathematics in one and the same sitting.

BSc (Hons) Psychology

Local A/Ls: Minimum of 3 "S" passes in any stream in one and the same sitting and a "S" pass for General English in A/Ls in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" Passes in any subject stream in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT, and the Interview conducted by the School of Psychology, SLIIT.

BA (Hons) in English Studies

Local A/Ls: Minimum of 3 "S" passes with English as a main subject OR minimum of 3 "S" passes in any stream in the English Medium in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes with English/English Literature as a main subject OR minimum of 3 "D" passes in any stream in one and the same sitting.

Applicants must pass the aptitude test conducted by SLIIT.

BSc (Hons) Biotechnology

Local A/L: Minimum of 3 "S" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Combined Mathematics, Higher Mathematics, Agricultural Science, Science for Technology, Bio Systems Technology, Agro Technology or Bio-Resource Technology in one and the same sitting.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Mathematics or Further Mathematics in one and the same sitting.

Applicants should also pass the Aptitude Test conducted by SLIIT.

Laws (Hons)

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in any stream in one and the same sitting & possess "C" passes for English and Sinhala/Tamil Languages at the G.C.E O/L examination conducted by the Department of Examinations of Sri Lanka or equivalent qualification AND an interview by the School of Law.

Cambridge/Edexcel A/Ls: Minimum of 2 "C" passes & 1 "D" pass in any stream in one and the same sitting & possess "C" passes for English and Sinhala/Tamil Languages at the G.C.E O/L examination AND an interview by the School of Law.

SLIIT SCHOOL OF BUSINESS AND AI

BBA (Hons) Specialising in Business and AI**BBA (Hons) Specialising in Financial Technology**

Local A/Ls: Minimum of 3 "S" passes in Commerce stream AND a "S" pass in O/L English OR A/L General English. OR

Minimum of 3 "S" passes in any stream with "Economics" as a main subject AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) OR

Minimum of 3 "S" passes in any stream AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) AND completing the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes for subjects equivalent to the Commerce stream of Local A/Ls AND a "D" pass in O/L English. OR

Minimum of 3 "D" passes in any stream with "Economics" as a main subject AND "D" passes for O/L Mathematics and English. OR

Minimum of 3 "D" passes in any stream AND "D" passes for O/L Mathematics and English AND completing the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

BSc (Hons) Information Technology - Information Systems Engineering

Local A/Ls: Minimum of 3 "S" passes in the Physical Science stream or Engineering Technology stream in one and the same sitting for A/Ls or an equivalent qualification OR minimum of 3 "S" passes in any stream (other than the Physical Science/Engineering Technology stream) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information & Communication Technology as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in subjects related to Mathematics in one and the same sitting for A/Ls OR minimum of 3 "D" passes in any other subjects (other than Mathematics-related subjects) in one and the same sitting at the GCE A/L Examination AND a "C" pass for O/L Mathematics AND completing the IT Bridging Programme conducted by SLIIT.

Applicants who have followed Information Technology/Computer Science as a main subject for A/Ls AND obtained a "C" pass for O/L Mathematics will be exempted from the IT Bridging Programme.

Applicants should also pass the Aptitude Test conducted by SLIIT.

BBA (Hons) Specialising in Management Information Systems

Local A/Ls: Minimum of 3 "S" passes in Commerce stream AND a "S" pass in O/L English OR A/L General English. OR

Minimum of 3 "S" passes in any stream with "Economics" as a main subject AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) OR

Minimum of 3 "S" passes in any stream AND "S" passes for O/L Mathematics and English ("S" pass for A/L General English is accepted in place of O/L English) AND completing the Business Bridging Programme conducted by SLIIT.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes for subjects equivalent to the Commerce stream of Local A/Ls AND a "D" pass in O/L English. OR

Minimum of 3 "D" passes in any stream with "Economics" as a main subject AND "D" passes for O/L Mathematics and English. OR

Minimum of 3 "D" passes in any stream AND "D" passes for O/L Mathematics and English AND completing the Business Bridging Programme conducted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

In addition, students must meet the prerequisites specified by the faculty. The programme will be available upon meeting the minimum student enrolment.

ADMISSION REQUIREMENTS FOR FOREIGN UNDERGRADUATE DEGREES

- Advanced Level results need to be obtained in one & the same sitting. The results need to appear in one certificate.
- Applicants are also required to pass the Aptitude Test conducted by SLIIT in addition to fulfilling the entry requirement stated below.

LIVERPOOL JOHN MOORES UNIVERSITY

BSc (Hons) Psychology

Local A/Ls: Minimum of 3 "S" passes in any stream AND an interview by the School of Psychology.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND an interview by the School of Psychology.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

LLB (Hons) Law

Local A/Ls: Minimum of 3 "S" passes in any stream & a "C" pass for O/L English AND an interview by the School of Law.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream & a "C" Pass for O/L English AND an interview by the School of Law.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

To apply to the Sri Lanka Law College to sit for the Special Entrance Examination held in respect of any year, a candidate is required to have obtained two credit (C) passes and one simple pass in one and the same sitting at the G.C.E A/Ls Sri Lanka or London and Credit passes in O/L English and in Sinhala or Tamil Languages at the G.C.E O/Ls Sri Lanka or London or an examination recognized by the Department of Examinations of Sri Lanka as equal to the above examination.

BSc (Hons) Quantity Surveying

Local A/Ls: Minimum of 3 "S" passes in the Physical Science stream & a "C" pass for O/L English. OR

Minimum of 3 "S" passes in the Biological Science/Commerce/Engineering Technology stream, a "B" pass for O/L Mathematics & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in the Mathematics stream (subjects equivalent to the Physical Science stream of Local A/Ls) & a "C" pass for O/L English. OR Minimum of 3 "D" passes in the Biology/Commerce stream, a "B" pass for O/L Mathematics & a "C" pass for O/L English.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

BSc (Hons) Architecture

Local A/Ls: Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English & Mathematics AND pass the special aptitude test conducted by the School of Architecture.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English & Mathematics AND pass the special aptitude test conducted by the School of Architecture.

BSc (Hons) Software Engineering

Local A/Ls: Minimum of 3 "S" passes in any stream.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

BA (Hons) Interior Design

Local A/Ls: Minimum of 3 "S" passes in any stream AND a "C" pass for O/L English & Mathematics AND O/L Mathematics will not be considered.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream AND a "C" pass for O/L English & Mathematics AND O/L Mathematics will not be considered.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

Bachelor of Business Administration (Hons)

Local A/Ls: Minimum of 3 "S" passes in any stream.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

For LJMU Business: Year 3 of the degree starts in February of each year. Students need to secure a minimum 'C' pass for O/L English or equivalent, complete up to Year 2 Semester 2 of SLIIT BBA and pass the relevant Bridging Module (offered in November of each year subject to a fee), to be eligible to enrol in LJMU Year 3.

THE UNIVERSITY OF QUEENSLAND

- Bachelor of Engineering (Hons) Civil
- Bachelor of Engineering (Hons) Electrical
- Bachelor of Engineering (Hons) Mechanical
- Bachelor of Engineering (Hons) Mechatronic

Minimum of 2 "C" passes and 1 "S" pass in G.C.E A/L (Local) in the Physical Science Stream (Covering Combined Mathematics, Physics & Chemistry) in one and the same sitting OR

2 "B" passes and 1 "C" pass in Cambridge or Edexcel A/Ls in the Physical Science Stream (Covering Mathematics, Physics, Chemistry) in one and the same sitting AND pass the Aptitude test conducted by SLIIT.

Or successful completion of a Foundation programme accepted by SLIIT.

Applicant should maintain a minimum GPA of 2.5 to transfer.

- Bachelor of Commerce
- Bachelor of Economics
- Bachelor of Business Management

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/L s in any subject stream in one and the same sitting, and pass the Aptitude Test conducted by SLIIT.

The Applicant should maintain a minimum GPA of 2.5 to transfer.

- Bachelor of Computer Science
- Bachelor of Information Technology

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/Ls.

Or successful completion of a foundation program accepted by SLIIT.

Pass the Aptitude Test conducted by SLIIT.

Applicants should maintain a minimum GPA of 2.5 to transfer.

THE UNIVERSITY OF EDINBURGH

Bachelor of Engineering (HONS) • **Electronics & Electrical Engineering** • **Civil Engineering**

Local A/Ls: Minimum of 2 "C" passes & 1 "S" pass in the Physical Science stream (Covering Combined Mathematics, Physics & Chemistry).

Cambridge/Edexcel A/Ls: Minimum of 2 "B" passes & 1 "C" pass (Covering Mathematics, Physics & Chemistry).

Successful Completion of a Foundation Programme Accepted by SLIIT.

Applicants should also pass the Aptitude Test conducted by SLIIT.

To transfer, the students should maintain the minimum GPA requirement specified by the University of Edinburgh.

MONASH UNIVERSITY

Bachelor of Psychology

ENTRY REQUIREMENTS BY MONASH

- Academic Performance: CGPA of 3.6 on a 4 point grading scale across all required units completed at SLIIT
- English entry requirements: Overall score of 6.5 in IELTS (Academics), with minimum band scores: Listening 6.0, Reading 6.0, Writing 6.0 and Speaking 6.0

ENTRY REQUIREMENTS BY SLIIT

- Local A/Ls: Minimum of 3 "S" passes in any stream
- Cambridge/ Edexcel A/Ls: Minimum of 3 "D" passes in any stream or
- Successful completion of a Foundation programme accepted by SLIIT

Bachelor of Biomedical Science

ENTRY REQUIREMENTS BY MONASH

- Academic Performance: CGPA of 3.1 on a 4 point grading scale across all required units completed at SLIIT
- English entry requirements : Overall score of 6.5 in IELTS (Academic), with minimum band scores: Listening 6.5, Reading 6.5, Writing 6.0 and Speaking 6.0

ENTRY REQUIREMENTS BY SLIIT

- Local A/Ls: Minimum of 3 "S" passes in the Biological Science Stream.
- Cambridge/ Edexcel A/Ls: Minimum of 3 "D" passes in the Biological Science Stream.
- Applicants should also pass the Aptitude Test conducted by SLIIT.

THE UNIVERSITY OF WESTERN AUSTRALIA

Bachelor of Commerce **Bachelor of Science (Computer Science)** **Bachelor of Science (Computer Science & Cyber Security)**

Minimum of 3 "S" passes in G.C.E A/L (Sri Lanka) or 3 "D" passes in Cambridge or Edexcel A/Ls and pass the Aptitude Test conducted by SLIIT.

Successful Completion of a Foundation Programme Accepted by SLIIT.

MANCHESTER METROPOLITAN UNIVERSITY

BSc (Hons) Fashion Business & Management

Local A/Ls: Minimum of 3 "S" passes in any stream & a "C" pass for O/L English.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes in any stream & a "C" pass for O/L English.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

DEAKIN UNIVERSITY

Bachelor of Artificial Intelligence

Local A/L: Minimum of 3 "S" Passes in any Stream or

Cambridge/Edexcel A/L: Minimum of 3 "D" Passes in Any Stream or

Applicants who have successfully completed SLIIT International Foundation (Artificial Intelligence)

Higher Diploma in Nursing

Local A/Ls: Minimum of 3 "S" passes obtained from one of the following subject streams: Biological Science/Physical Science/ Bio Systems Technology/Engineering Technology AND an interview by the School of Nursing.

Cambridge/Edexcel A/Ls: Minimum of 3 "D" passes obtained from any combination of the following subjects: Biology, Chemistry, Physics, Mathematics, Further Mathematics, Psychology, Computer Science or Information Technology AND an interview by the School of Nursing.

Or Successful Completion of a Foundation Programme accepted by SLIIT.

BACHELOR'S DEGREES GRADES & REQUIREMENTS (AWARDED BY SLIIT)

GRADING SYSTEM

SLIIT uses 12 grades in assessing student performance. These are A+, A, A-, B+, B, B-, C+, C, C-, D and E. To obtain a pass in a subject, a student must score a grade 'C' or above. The value of each grade and the definition of student performance are shown below:

GRADE	GRADE PTS.	MARKS RANGE
A+	4.00	90 - 100
A	4.00	80 - 89
A-	3.70	75 - 79
B+	3.30	70 - 74
B	3.00	65 - 69
B-	2.70	60 - 64
C+	2.30	55 - 59
C	2.00	50 - 54
C-	1.70	40 - 49
D	1.00	20 - 39
E	0.00	00 - 19

GRADE POINT AVERAGE (GPA) PER SEMESTER

The GPA is computed by dividing the sum of the products of the number of credits for each course followed and the grade points earned for that course by a student by the total number of credits for the courses followed during the semester.

CLASS ATTENDANCE

Regular attendance is expected from all students. 80% attendance is necessary as a minimum requirement to sit for examinations. Inability to attend classes and/or examinations must be brought to the notice of the Manager of Academic Affairs/Student Services

WEIGHTED GRADE POINT AVERAGE (WGPA)

Yearly Grade Point Average is computed by dividing the sum of the products of the number of credits of all the courses followed and the grade points earned for those courses by a student in a year, by the total number of credits for the courses followed that year. This is then multiplied by an appropriate weighting factor and summed up over the total number of years related to the specific academic qualification to calculate the WGPA. Weights may vary based on the programme requirements.

CUMULATIVE GRADE POINT AVERAGE (CGPA)

The Cumulative Grade Point Average (CGPA) is calculated by dividing the sum of the products of the credit values of all GPA courses completed by the student and the grade points earned for those courses, by the total number of credits of all GPA courses completed by the student up to that point in time.

APPLYING TO STUDY HERE

WHAT HAPPENS NEXT?

Embark on your pathway to greatness with our extensive degree programme options at SLIIT. Please follow the method below to apply:

APPLY ONLINE

1. Visit apply.sliit.lk
2. Fill the Application Form
3. Pay Application Fee
4. Submit the Application

CALL FOR MORE INFORMATION

011 754 4801
www.sliit.lk | info@sliit.lk

DOCUMENTS NEEDED FOR REGISTRATION

Instructions are emailed to the applicant after successfully passing the aptitude test and/or interview

- Conditional Offer of Admission
- Official G.C.E Advanced Level Examination result sheet/certificate
- Official G.C.E Ordinary Level Examination result sheet/certificate
- Birth Certificate
- National Identity Card (NIC)
- Indemnity form provided by SLIIT
- Terms and Conditions provided by SLIIT
- Receipt of the payment for the First Semester
- Soft copy of a recently taken, passport size, colour photograph of student

SLIIT SCHOLARSHIPS

NENA DIRIYA SCHOLARSHIP*

Full scholarships are awarded to the top five island rankers from the Sri Lankan G.C.E. A/L examinations.

PRE-ENROLLMENT SCHOLARSHIP*

Full scholarships are awarded for students with an excellent aggregate of results at the point of enrollment, subject to a maximum quota.

POST-ENROLLMENT SCHOLARSHIP*

Full scholarships are awarded for students with exceptional A/L results in Local or London A/Ls, subject to faculty quotas.

20% SIBLING DISCOUNT*

A 20% course fee concession is available for the third child from the same family registering for any undergraduate programme at SLIIT.

In order to apply, please drop an email to admissions@slit.lk

COMMUNITY & TRUST SCHOLARSHIPS & CONCESSIONS

LALITH ATHULATHMUDALI

FOUNDATION (LAF) SCHOLARSHIP*

A 25% tuition fee discount is granted to children from low-income families nominated by the Lalith Athulathmudali Foundation. Students need to contact the Lalith Athulathmudali Foundation directly. In order to apply, please drop an email to info@laf.lk

SVCT SCHOLARSHIP*

In partnership with the Sri Venkateswara Charitable Trust, this corporate sponsorship offers full or partial funding for students facing severe financial difficulties. Students need to contact the Trust directly. In order to apply, please drop an email to info@svctrust.lk

10% VIRUSARA CARD DISCOUNT*

A 10% concession on the total course fee is provided to the children of "Virusara Privilege Card holders enrolling in the SLIIT Business Administration degree.

**Terms and Conditions apply*

For more information regarding eligibility, please contact the SLIIT Admissions Office via email at admissions@slit.lk or call the hotline +94 11 754 4801

INDUSTRY SPONSORED SCHOLARSHIPS

Leading IT & Software Development Companies offer scholarships to selected students following the SLIIT BSc Honours degree.

BANK LOANS

- Maximum 20% of the course fee should be borne by the applicant.
- Maximum loan period: Course Duration + 4 Years (Maximum 7 years)
- Grace Period: Course Duration
- Security: Up-to 1Mn - Joint and Several Guarantees of Two Persons. If above 1Mn, Mortgage over immovable property.
- Interest rates: Fixed Rate of Interest of 13.75% p.a
- Apply jointly with parents or guardian.

For further details please contact your nearest Bank of Ceylon Branch or log on to www.boc.lk

- Attractive interest rates
- Loans up to 90% of the course fee
 - Loan repayment up to 12 years including grace period
 - Maximum grace period up to 5 years
 - The loan will be jointly granted with a parent, a family member, caretaker or guardian

*For further details please contact,
HNB contact center
011 2 462 462*

*HNB Representatives
Himasha Warakagoda – 0707591086
Log on to <https://www.hnb.lk/>*

**T&C apply*

**සම්පත් බැංකුව
சம்பத் வங்கி
Sampath Bank**

- Obtaining Loan upto Rs.10.0Mn
- Repayment period upto 08 years
- A grace period upto 03 years
- Flexible Repayment options
- 50% discount on the processing fee
- Online banking facility free for the first year

*For further details,

MISSION OF SLIIT LIBRARY

SLIIT Library Learning Commons is dedicated to empowering lifelong learning and strengthening the SLIIT community by providing accessible resources, innovative services, and a welcoming space for collaboration, discovery, and growth.

LIBRARY FACILITIES

Library facilities at the Malabe and Metro Campuses, as well as at the Regional Centres, support a wide range of academic disciplines across various levels of study, from undergraduate programs to professional development and postgraduate research. The library offers an extensive collection of high-quality books, periodicals, core textbooks, recommended e-books, scholarly databases, and multimedia resources. Students are able to browse a range of books and magazines available at all Campuses, reserve books, renew borrowed books and request new books using the Library website. All resources are managed through the SLIIT Automated Library System, ensuring easy access and efficient service delivery.

With a commitment to fostering academic success and innovation, the SLIIT Library provides an environment that encourages learning, discovery, and creativity. The library's future-focused approach continually adapts to meet the evolving needs of the academic community, making it an essential resource for students, faculty, and researchers.

ONLINE LIBRARY ACCESS

Studying away from the campus is not a barrier to connecting with the SLIIT library. SLIIT libraries are accessible 24/7 online, and the library team is equipped with knowledge and technology to serve library users. All registered students are able to access the SLIIT Digital Library consisting of e-books, e-magazines such as Harvard Business Review, MIT Technology Review, Time Magazine and The Economist, etc., past examination papers, recommended texts for related courses, Open Access e-resources, plagiarism detection service, range of dictionaries, glossaries and other reference materials.

STATE OF THE ART NEW LIBRARY @ MALABE CAMPUS

A fully-fledged separate Learning Commons Centre is at Malabe Campus. This enables all department libraries to be located centrally with better accessibility for student activities such as workstations, reading, discussion areas, presentation units, etc.

SOME OF THE BENEFITS INCLUDE: WI-FI FACILITIES & ADEQUATE WORKSTATIONS

Students are allowed to bring their laptops and tablets to the reference desk. The Reading Room adjoining the library, available for study, is equipped with power points for laptops and provides wireless Internet access. Different kinds of facilities such as discussion rooms, research common spaces, collaborative spaces, and conference rooms are available for group learning, research activities, collaborative work, and academic meetings, all of which can be reserved conveniently through the library website.

Our libraries are continuously enhanced to cater to the ever-increasing number of students. Libraries are open to SLIIT students daily, including weekends, from 8.00 am–7.00 pm. They are closed only on Poya days and other special holidays specified in the SLIIT calendar. To become a library member, students are requested to submit a duly filled online membership form available through the library website.

ADDITIONAL SERVICES AVAILABLE FOR ALL SLIIT LIBRARY USERS

- E-newspaper clippings
- Current awareness services (CAS)
- E-selective dissemination of information (SDI) service
- E-document delivery service
- Interlibrary loans
- User awareness services
- Book a study space
- User service through the help desk / ask librarian
- And many more...

NETWORKS WITH OTHER INSTITUTIONS

SLIIT is a member of the Commonwealth University Libraries network and a member of the Sri Lanka Scientific and Technology Information Network (SLSTINET). This allows the SLIIT library to access numerous scientific databases. SLIIT also maintains strong working relationships with other libraries in Sri Lanka and holds a Corporate Library Membership with the CA Sri Lanka library, as well as with the British Council. Furthermore, SLIIT has access to the Curtin University library and databases, and it liaises with library professionals at Curtin University to provide ongoing research support to SLIIT students. The SLIIT Library also has full access to the Liverpool John Moores University (LJMU) Library.

LABORATORY FACILITIES

SLIIT OFFERS FREE WIFI ACCESS IN ALL STUDENT AREAS, AND BOASTS A WIDE RANGE OF LABORATORY FACILITIES ACROSS ITS CAMPUSES AND CENTRES. SIGNIFICANT INVESTMENTS IN EACH OF THE LABORATORIES ENSURE THAT STUDENTS ARE, IN TURN, ABLE TO MAKE THE MOST OF THESE RESOURCES IN ORDER TO SUPPORT THEIR EDUCATION.

MALABE CAMPUS LABS

The Malabe campus labs consist of Computer, Engineering and Surveying laboratories, and are equipped with fully functional, modern computers and technology. These labs are consistently upgraded and monitored to ensure they are continually up-to-date and fully functional.

COMPUTER LABORATORIES:

- Lab B401 : 62 Computers
- Lab B402 : 62 Computers
- Lab B403 : 62 Computers
- Lab A406 : 62 Computers
- Lab A410 : 31 Computers
- Lab A411 : 31 Computers
- Lab A412 : 62 Computers
- Lab N3A : 62 Computers
- Lab N3B : 62 Computers
- Lab F13-E1 : 31 Computers
- Lab F13-E2 : 31 Computers
- Lab Cyber : 60 Computers
- Lab F13-A : 31 Computers
- Lab F13-B : 31 Computers
- Lab F13-C : 62 Computers
- Lab G1301 : 62 Computers
- Lab G1302 : 62 Computers
- Lab G1303 : 62 Computers
- Lab G1304 : 62 Computers
- Lab G1305 : 62 Computers
- Lab G1306 : 62 Computers
- Lab Data Com 40 Computers
- Lab Embedded : 18 Computers

LAB FACILITIES @ FACULTY OF COMPUTING

- Data Communication Lab
- Embedded Lab
- Cyber Security Lab
- Robotics Lab
- Mac Lab
- Audio Lab
- AR/VR Lab
- Advanced Computing and Virtualization Lab

SURVEYING LABORATORIES:

The SLIIT surveying laboratories are particularly catered for our Architecture and Quantity Surveying students, and have been designed and constructed to include the following:

- Measurements Laboratory
- QS Computer Laboratory
- Surveying Laboratory
- Materials Laboratory

ENGINEERING LABORATORIES:

Our engineering laboratories are completely state-of-the-art, fitted with cutting-edge technology and superior functionalities. Engineering students of all disciplines are able to access these labs as and when required, guided by their respective lecturers. All equipment and facilities are continuously improved and modernised so as to provide our students with avant-garde resources every step of the way. The following are featured at SLIIT's Engineering laboratories:

- Engineering Mechanics Laboratory
- Structural Engineering Laboratory
- Civil Engineering Materials Laboratory
- Hydraulics and Hydrology Laboratory
- Surveying Laboratory
- Geotechnical Laboratory
- Traffic and Transportation Engineering Laboratory
- Environmental Engineering Laboratory
- Electrical Power Systems Lab
- Communication Lab
- Digital Electronics Lab
- Analog Electronics Lab
- Embedded Design Lab
- DIY Workshop
- Networking Lab, Machines and Power Electronics Lab
- Mechanical Engineering Workshop
- Robotics Laboratory
- Thermo/Fluids Laboratory
- Mechanics Laboratory
- Automobile Laboratory
- Mechatronics Laboratory
- Industrial Automation Laboratory
- Control Systems Laboratory
- Material Processing Laboratory
- Material Characterisation Laboratory
- 4th Floor E405B: 48 Computers
- 7th Floor: AR-Lab : 41 Computers

HUMANITIES AND SCIENCES LABORATORIES

- Physical Sciences Laboratory
- Biology and Chemistry Laboratory
- Plant Tissue Culture Laboratory
- Molecular Biology Laboratory
- Advanced Biotechnology Laboratory
- Nursing Skills Laboratory
- Physiotherapy Skills Laboratory
- Moot Court
- Biomedical Laboratory
- Psychology Laboratory
- Nursing Simulation Laboratory

SLIIT BUSINESS SCHOOL

- 3rd Floor D301 : 62 Computers
- 3rd Floor D302 : 64 Computers

METRO CAMPUS LABS

Students at our Metro Campus are provided with the following:

16th floor

- 1602: 30 computers

15th floor

- 1501: 58 computers
- 1502: 22 computers
- 1503: 32 computers

MATARA CENTRE LABS

Matara Centre occupies fully completed, superior computer laboratories along with modern facilities. It includes the following labs:

- Lab 1 (201): 64 computers
- Lab 2 (502): 32 computers
- Lab 3 (401): 32 computers
- Lab 4 (501): 24 computers

KANDY UNI LABS

The labs at our SLIIT Kandy Uni also integrate the institute's commitment to uphold and maintain first-class standards. To that effect, the computer labs at this centre include:

- A403 - 60PCs
- A404 - 60PCs
- A405 - 45PCs
- A401 - 15PCs | Cyber Security Lab

KURUNEGALA CITY CAMPUS LABS

The SLIIT Kurunegala Centre consists of computer labs and is comprised of:

- Lab 1 (Main Lab): 60 laptop computers
- Lab 2: 30 laptop computers
- Lab 3: 20 laptop computers

NORTHERN UNI LABS

Students at our Northern Uni are provided with the following:

- Lab 1: 72 computers
- Lab 2: 42 computers
- Lab 3: 30 computers

INTERNSHIP PROGRAMMES AT SLIIT

SLIIT recognises that early exposure to professional work environments plays an important role in students' academic development and career readiness. The Industrial Training Unit was established to facilitate, coordinate and support industry training and internship opportunities for students.

SLIIT maintains strong partnerships with government institutions and private sector organisations to provide a wide range of industrial training and placement opportunities. These partnerships give students practical exposure to their respective fields and help them connect academic learning with industry practice. Industry partners also benefit from access to a diverse pool of students through career fairs, recruitment drives, industry engagement sessions and other university-led initiatives. These interactions support organisations in identifying potential talent while also creating opportunities for students to contribute new ideas and perspectives to industry projects and activities.

To strengthen students' industry exposure, SLIIT has introduced a non-GPA module titled Industry Placement – 6 Months for the BSc Honours Degree Programs in Information Technology, Computer Science, Software Engineering, Data Science and Computer Systems Engineering. Students earn the allocated course credits by completing the recommended six-month industry training period. The placement is intended to provide practical technical experience while also supporting the development of professional and interpersonal skills. In addition to external industry placements, SLIIT offers a limited number of in-house internship opportunities. Under these programmes, selected companies operate within the university environment and provide students with practical training and exposure to professional work settings.

RESEARCH & DEVELOPMENT

Research is integral to SLIIT's identity, and the institute is committed to being a global research leader in selected areas. Staff and students have access to excellent research facilities, including a modern library — considered one of the best in the country — offering access to leading databases such as ScienceDirect and IEEE. The library also houses seminar and project discussion rooms to encourage collaboration. Regular seminars and workshops cover research ethics, best practices in graduate supervision, and grantsmanship. Research methodology is embedded as a module across both undergraduate and postgraduate curricula, building strong foundational research skills, while research quality and output are actively promoted and valued across all levels of performance evaluation.

RESEARCH PROFILE

SLIIT is Sri Lanka's top non-state higher education institution, securing joint third place nationally in the Times Higher Education World University Rankings 2026. Six SLIIT academics rank among the top 2% of researchers worldwide, according to a Stanford University study based on the Elsevier database — the only non-state university in Sri Lanka with such highly ranked scholars. SLIIT also holds the top position in Sri Lanka in the AD Scientific Index World Young University Ranking 2025 and ranked 5th overall (first quartile) in the 2024 SCImago Institutional Ranking. Across all major rankings, SLIIT stands as the top-ranked non-state institution in Sri Lanka, setting the benchmark for research excellence. SLIIT was also placed among the top 750 institutions in Asia — and top seven in Sri Lanka — in the QS Asia University Rankings 2023. Every faculty hosts annual international conferences featuring keynote addresses from leading global scholars, alongside staff and student research presentations. SLIIT academics publish over 300 Scopus-indexed papers annually, with research funding secured from the European Union, the World Bank, the National Science Foundation of Sri Lanka, and other organisations.

MECHANISMS

SLIIT offers SLQF Level 10 master's programmes with a research component, alongside research-intensive MPhil/PhD programmes across a wide range of disciplines. Tuition fee waivers are available to graduate research students with strong academic credentials. International partner universities offer junior academic staff the opportunity to pursue split PhD programmes with local co-supervision. Graduate research students play a key role in strengthening SLIIT's research profile, enabling staff to lead cutting-edge projects. Academic staff receive annual research grants of up to LKR 500,000, along with financial support to present at national and international conferences and publish in leading Scopus- and Web of Science-indexed journals, plus a research performance allowance to incentivise high-impact work. The Honorary Professor Network invites globally renowned scholars to affiliate with SLIIT and collaborate on research, while SLIIT Innovate drives technology diffusion and commercialisation — supporting industry collaboration, venture funding, start-up mentorship, IP protection advice, and workspace for entrepreneurs.

RESEARCH CENTRES

SLIIT has established three Centres of Excellence (CoE) to deliver cutting-edge research outcomes, focused on Artificial Intelligence, Informatics, Electronics and Transmission, and Sustainability and Green Technology. Steered by leading researchers known for their collaborative approach, the CoEs attract talent from diverse disciplines to create a truly multidisciplinary environment addressing tomorrow's challenges. Dedicated spaces and organisational support ensure a smooth, dynamic research environment. Faculty-Industry engagement units, alongside SLIIT Innovate, further promote applied research through industry collaboration. An Intellectual Property Advisory Committee and an Ethics Review Committee uphold responsible research conduct and protect the discoveries of staff and students.

INTERNATIONAL PARTNERSHIPS

As Sri Lanka's leader in collaboration with top research universities worldwide, SLIIT offers unparalleled opportunities for students and staff to work alongside globally renowned scholars. Current research collaborations span the University of Edinburgh, University of British Columbia, Curtin University, Auckland University of Technology, the Chinese Academy of Sciences, and other leading institutions. SLIIT graduates have gone on to secure admission to PhD and master's programmes at the University of Edinburgh, the University of Queensland, Curtin University, and other universities worldwide. The Honorary Professor Network includes more than 30 renowned scholars engaged in collaborative research with SLIIT staff, who have also attracted significant funding from European Union research programmes — currently leading a sustainable energy research project with several European and local universities.

SLIIT SRI LANKA TECHNOLOGY INCUBATOR: CONCEPT-NURSERY FACILITIES

Located at the SLIIT Malabe Campus, the Sri Lanka Technology Incubator — known as the "Concept Nursery" — supports and promotes innovators and new enterprises. Start-up companies gain access to cutting-edge facilities, including a state-of-the-art computer networking backbone, alongside business and technical expertise, financial resources, global academic networks, communication facilities, business counselling, business plan preparation, and marketing support. Start-ups can also draw on a large pool of highly trained students, who in turn gain valuable experience in an innovative working environment.

STUDENT SERVICES

At our institution, the Student Services Division is dedicated to fostering an enriching and supportive environment, ensuring that every student has the opportunity to thrive academically, socially, and personally. We provide a comprehensive range of services designed to enhance the overall student experience, prioritising academic success, personal growth, and community engagement.

STUDENT SUPPORT SERVICES

Our student support system is robust and accessible, providing assistance 24/7 to address any concerns or challenges students may encounter. With dedicated help desks and a strong emphasis on proactive engagement, students can easily access guidance on academic, administrative, and personal matters.

COUNSELING & WELL-BEING

Student mental and physical well-being are at the heart of our mission. We offer professional counseling services through clinical psychologists to support mental health, foster resilience, and promote a balanced lifestyle. The Student Well-Being Center and Medical Center provide holistic care, ensuring students receive timely medical attention and mental health support.

SLIIT STUDENT TRANSPORT

SLIIT offers a convenient and reliable intercampus transport service, operating on a regular schedule from key, high-demand areas to facilitate student accessibility and convenience. This service is designed to ensure safe and efficient travel for students, enhancing their overall academic experience. The implementation of a QR based payment system streamlines the process, providing a modern, user-friendly, and secure method for fare transactions. This initiative reflects SLIIT's commitment to integrating technology into its services to meet the evolving needs of its student community.

SLIIT ENGLISH HELP DESK

Clear communication and skilful use of the English language are of key importance to professionals in all industries today. As such, all students are required to take the prescribed courses for their degree.

SLIIT offers a novel method of assisting students in this area as and when required through the English Help Desk. This is manned by the staff of the English Language Teaching Unit.

SPORTS & EXTRACURRICULAR ACTIVITIES

The Physical Education and Sports Unit at SLIIT encourages students to excel in sports and maintain physical well-being. With facilities and support for over 20 sports and various activities, students have opportunities to represent the SLIIT at national and international levels. Our athletes include world-class competitors, including a Paralympian, exemplifying determination and excellence. Beyond sports, students can explore their passions and develop leadership skills by joining a variety of clubs, societies, and faculty-specific communities, fostering a well-rounded university experience.

SLIIT MEDICAL CENTRE

SLIIT places a high priority on the health and well-being of its students and staff, recognizing it as a fundamental aspect of a supportive academic environment. To this end, SLIIT offers a full-time medical consultancy service at the Malabe campus, ensuring that professional healthcare support is readily accessible. This comprehensive service, available free of charge, reflects the institution's commitment to fostering a safe and healthy community where individuals can focus on their academic and professional pursuits with peace of mind.

CAREER GUIDANCE UNIT (CGU)

The SLIIT Career Guidance Unit (CGU) plays a pivotal role in shaping the professional journey of undergraduates by equipping them with the knowledge, skills, and competencies essential for thriving in diverse industries. Through strategic collaboration with industry leaders, the CGU organizes a range of technical and non-technical workshops tailored to specific courses, along with career readiness sessions focusing on critical aspects such as CV writing, interview techniques, and professional etiquette. These initiatives go beyond the academic curriculum, offering students valuable opportunities to enhance their professional expertise and apply theoretical knowledge in real-world contexts, thereby bridging the gap between academic learning and industry expectations. The SLIIT CGU Industry Partners Database currently includes over 900 registered companies, providing students with extensive access to internship and employment opportunities. To strengthen connections between students and the corporate world, the CGU fosters partnerships with leading organizations, facilitating meaningful interactions and opportunities. Flagship events such as the SLIIT Career Week and HR Forum provide platforms for students to network with potential employers across IT, Engineering, Business, and Humanities and Sciences sectors. Additionally, the CGU supports employers in vacancy postings and CV collection and organizes industry visits to further enhance university-industry collaboration. This comprehensive approach ensures that SLIIT graduates are not only prepared for their chosen career paths but also positioned to excel in a competitive global workforce.

FACILITIES FOR ACADEMIC AND PERSONAL GROWTH

Modern facilities, including state-of-the-art lecture halls, an extensive library, and innovation incubators, provide an environment conducive to learning and creativity. These resources are complemented by a strong emphasis on community and extracurricular engagement, ensuring that students develop holistically. At the core of our services is the belief that education extends beyond the classroom. Through personalized support, diverse opportunities, and world-class facilities, we empower students to achieve their full potential while building meaningful connections and memories that last a lifetime.

SLIIT WEIGHT TRAINING CENTER

The SLIIT Weight Training Centre, located at the Malabe Campus, is a state-of-the-art facility designed to support students in achieving their fitness and strength training goals. Equipped with modern, high-quality equipment, the center provides an ideal environment for both beginners and advanced fitness enthusiasts. It caters to a wide range of training needs, promoting physical well-being and encouraging students to maintain a healthy and active lifestyle. This facility is a testament to SLIIT's commitment to holistic student development, ensuring that physical fitness is seamlessly integrated into the academic journey.

SLIIT SPORTS, CLUBS & SOCIETIES

SLIIT is proud to host 50 clubs and societies, each established to reflect various study program specialisations, specific vocations, shared interests among the student community, or affiliations with global organisations. Notable examples include the Data Science Student Community, Faculty of Computing Media Club, Biotechnology Student Community, English Literary Association, Gaming Club, IET Student Chapter, Rotaract Club, Leo Club, and AIESEC.

SLIIT Sports is committed to fostering a vibrant sports culture that encourages physical fitness, teamwork, and excellence among students. Currently, SLIIT offers programs across over 20 different sports, ranging from team sports to individual disciplines. The Sports Unit provides students with access to state-of-the-art facilities, professional coaching, and training programs designed to develop both recreational participants and competitive athletes.

SLIIT Sports actively supports students to compete at university, national, and international levels, giving them the opportunity to represent the university and the country with pride. Through organised competitions, tournaments, and training camps, SLIIT Sports cultivates leadership, discipline, and sportsmanship, while also promoting a healthy and active lifestyle for all students.

PHYSICAL EDUCATION & SPORTS

SLIIT promotes sports and recreational activities, offering students a wide range of competitive and recreational sports, both indoor and outdoor. SLIIT provides equal opportunities for men, women, and differently-abled students to engage in sports and related activities without any barriers.

Currently, SLIIT offers over 20 sports disciplines, including: Archery, Badminton, Basketball, Carrom, Chess, Cricket, Football, Futsal, Hockey, Karate, Mixed Martial Arts, Netball, Pickleball, Powerlifting,

Rifle Shooting, Rugby, Swimming, Table Tennis, Taekwondo, Tennis, Track and Field, Volleyball, and Water Polo.

The Malabe campus is equipped with excellent indoor and outdoor sports facilities, including a Playground, Indoor Badminton Courts, Indoor Venues for Carrom, Chess, Table Tennis, and Martial Arts, a Volleyball Court, a Basketball Court, Tennis Courts, a Swimming Pool, and a well-equipped Weight Training Centre.

STUDENT INTERACTIVE SOCIETY (SIS)

The main student body within SLIIT, comprising student representatives of the Faculty/ School student societies of Computing, Engineering, Business, Humanities & Sciences and the School of Architecture. The patrons of the society are the Chancellor and Vice Chancellor of SLIIT. SIS, together with the respective student communities, organises various events, maintains decorum and adheres to rules, upholding the good name of the institute.

FACULTY OF COMPUTING STUDENT COMMUNITY (FCSC)

Aims to enhance the knowledge of IT students and accustom them to the ever-changing IT industry. This is done through activities such as workshops and guest lectures by leading IT professionals in the industry, enabling better student interaction and knowledge-sharing.

SCHOOL OF BUSINESS STUDENT COMMUNITY (SBSC)

Formed under the main student body, the Student Interactive Society (SIS), this comprises the undergraduates of the SLIIT Business School. The committee acts as the student representative and, facilitating necessary programmes along with the management of SLIIT Business School.

FACULTY OF ENGINEERING STUDENT COMMUNITY (FESC)

Considered the main student community of the Faculty of Engineering, functioning under the guidance of the Student Interactive Society (SIS). FESC mainly focuses on the academic problems and the difficulties of engineering students, and works together with senior staff of the faculty and the community for solutions

FACULTY OF HUMANITIES & SCIENCES STUDENT COMMUNITY (FHSSC)

The Faculty of Humanities and Sciences is a multidisciplinary faculty, with FHSSC serving as the student body representing students across diverse disciplines, including Financial Mathematics, Biotechnology, law, Psychology, Nursing, English, Social sciences, Physical Sciences. FHSSC is dedicated to enhancing student satisfaction by addressing both academic and non-academic concerns while enriching the overall student experience at SLIIT. To achieve its goals, the FHSSC collaborates closely with senior faculty members, seeking their guidance and support to effectively serve the student community.

SCHOOL OF ARCHITECTURE STUDENT COMMUNITY (SOASC)

The School Architecture Student Community is the main student body representing the SLIIT School of Architecture. The aim of the student community is to create a supportive and collaborative environment that fosters personal and academic growth, while building a strong sense of belonging.

FOSS COMMUNITY

Free and Open Source Software helps expand the scope of Information and Communication Technology (ICT). The FOSS Community at SLIIT helps raise awareness among students to learn the concepts of Open Source Software movement, facilitating a base to link with the global community.

SLIIT ALUMNI ASSOCIATION

The SLIIT Alumni Association serves as the collective body representing all graduates and diploma holders of SLIIT, including those who have completed their studies at Partner Universities through SLIIT. Through a range of events and engagement activities, the association strives to reconnect with its alumni community, empower future generations, and support their journey towards excellence.

ROTARACT CLUB

Free and Open Source Software helps expand the scope of Information and Communication Technology (ICT). The FOSS Community at SLIIT helps raise awareness among students to learn the concepts of Open Source Software movement, facilitating a base to link with the global community.

THE GAVEL CLUB

A community that provides the student body with opportunities to develop communication skills as well as means for self-improvement. Since its formation in 2012, the Gavel Club has thrived under the guidance and support of the SLIIT Toastmasters Club, as well as other academic staff. As a communication and leadership programme modelled after Toastmasters International, the Gavel Club is a way of providing the Toastmasters experience to groups who may be eligible for regular membership. The Toastmaster title is globally recognised as an accredited name. Not only does the Gavel Club allow students to earn this title, but it also prepares these students for the demands of the real world after university.

SLIIT GAMING COMMUNITY/ GAME FEST

Formed in 2013 by a group of young, dynamic individuals with a passion for digital games, including game designing and developing. A multipurpose group to create opportunities amongst those interested in this particular field. The community mainly intends to teach the fundamentals of game designing and development, providing resources and instructions to those willing to embark on creating or designing games and game testing.

THE LEO CLUB OF SLIIT

The Leo Club of SLIIT (SLIIT Leos) stands as one of the premier clubs in Leo District 306 C1, Sri Lanka, and Leo Multiple District 306. It holds the prestigious title of 'The Most Outstanding New University Leo Club of Sri Lanka, Leostic Year 2017/2018.' We have successfully undertaken various projects in the realms of healthcare, eldercare, child welfare, support for disabled individuals, and education. In 2022, we achieved the remarkable feat of securing 1st Runner-Up in 'The Most Outstanding Leo Club in District 306 C1, Leostic Year 2020/2021.'

INTERACTIVE MEDIA OF SLIIT

The Interactive Media Student community at SLIIT is a specialization-based student club dedicated to hosting various events for SLIIT students. This community consistently provides a platform for students to show case their talents and skills.

SPORTS ACHIEVEMENTS

INTERNATIONAL ACHIEVEMENTS 2026

INTERNATIONAL MEDAL & RECORD ACHIEVEMENTS

- 1st Asian U23 Athletics Championships 2026 – Ordos, China – Nethmika Madushani won the Bronze Medal in the Women's Triple Jump.
- 12th Asian Indoor Athletics Championships 2026 – Tianjin, China – Nethmika Madushani finished 7th overall in the Women's Triple Jump and set a New Sri Lankan Indoor Women's Triple Jump Record.
- Glasgow 2026 – Nethmika Madushani finished 6th in the Women's Triple Jump.
- Glasgow 2026 – Nethmika Madushani finished 16th overall in the Women's Long Jump.

INTERNATIONAL TOURNAMENT ACHIEVEMENTS

- Asian University Badminton Championship 2026 - Chinese Taipei - Sethum Perera reached the Pre-Quarter-Finals in the Team Event and Men's Singles.

INTERNATIONAL REPRESENTATION

- 6th Asian Beach Games - Sanya, China - Kavya Jayasuriya participated in the Women's Shot Put event.
- FIBA Asia Cup Pre-Qualifiers 2026 - Kazakhstan - Isuru Weerakkodi was selected to represent Sri Lanka.
- Asian Games 2026 - 3x3 U23 Basketball, Nagoya, Japan - Isuru Weerakkodi was selected to represent Sri Lanka.

INTER-UNIVERSITY ACHIEVEMENTS 2026

- 2nd SLIIT T20 Cricket ShowDown 2026 – Champions
- 3rd SLIIT Aqua Clash Swimming Championship 2026 - Men's, Women's & Overall Champions
- 9th SLIIT Castle Fest Chess Championship 2026 - Men's & Women's Rapid and Blitz Overall Champions
- 3rd SLIIT Dozens' Rugby Tournament 2026 - Champions
- Inaugural SLIIT SENSHINO '26 Karate Championship - Overall Champions
- MORA 9s Hockey Championship 2026 - Men's Champions
- MORA MUBL Basketball League 2026 - Women's Champions
- J'Pura 3x3 Ballers Unleashed - Phase 04 Basketball Championship 2026 - Men's Champions
- KDU Leaders' Trophy Badminton Championship 2026 – Men's Champions
- UOC Vice Chancellor's Challenge Trophy Table Tennis Tournament 2026 – Men's Champions
- 2nd Clash of Knights KIU Chess Tournament 2026 – Men's & Women's Champions
- SLIIT Legacy Shield Football League 2025 – Champions
- SLIIT 7s Hockey Championship 2025 – Men's & Women's Champions
- The SLAM Carrom Championship 2025 – Women's Champions
- SLIIT SMASH Fest Table Tennis Championship 2025 – Overall Champions
- SLIIT MOMENTUM Athletics Championship 2025 – Overall Champions
- NSBM Green Basketball Championship 2026 – Women's 1st Runners-up
- MORA 7s Rugby Tournament 2026 – Cup Runners-up
- KDU Leaders' Trophy Volleyball Championship 2026 – Men's 1st Runners-up
- SLIIT Golden Rally Tennis Tournament 2026 – 1st Runners-up
- 4th SLIIT Relay Carnival 2026 – Men's 1st Runners-up, Women's 2nd Runners-up & Overall 2nd Runners-up
- ECU Futsal League 2026 – Women's 2nd Runners-up
- SLIIT DASH Fiesta Volleyball Championship 2026 – Men's & Women's 2nd Runners-up
- APIIT Extravaganza Futsal Championship 2026 – Women's 2nd Runners-up
- APIIT Extravaganza Netball Championship 2026 – 2nd Runners-up
- Unleash 002 MMA Championship 2026 – Theminda Lakshan won the Main Event
- Unleash 002 MMA Championship 2026 – Disaru Mindiya won the Main Event Light Event Championship, becoming the first university student in history to win this title.
- Air Rifle & Pistol Shooting Competition 2026 – 6 SLIIT students received Precision Shooter Awards.

NATIONAL ACHIEVEMENTS 2026

GOLD MEDALS & RECORD-BREAKING ACHIEVEMENTS

- Sri Lanka Open Stage 1 National Selection 2026 – Nethmika Madushani set a new Sri Lankan Women's Record in the Triple Jump.
- 62nd Junior National Athletics Championship 2026 - Preveen Jayathilake won the Gold Medal in the Men's 400m and set a New Meet Record.

- 62nd Junior National Athletics Championship 2026 - Indusara Vidushan won the Gold Medal in the Men's 100m.
- Korean Ambassador's Cup Taekwondo Championship 2026 - Lakna Vidanapathirana won the Gold Medal in the Senior Female Individual Freestyle Poomsae.
- MBA All Island Level 1 Badminton Championship 2026 – Savinaka Weerasekara won 1st Place in the Men's Singles.
- National Sports Festival 2026 (Badminton) - Western Province - Savinaka Weerasinghe won 1st Place in the Men's Singles.
- NWPBA All Island Open Badminton Championships 2026 - Anurangi Masakorala - Women's Doubles Winner
- SPBA All Island Open Badminton Championships 2026 - Anurangi Masakorala - Women's Doubles Winner
- MBA All Island Open Badminton Championships 2026 - Anurangi Masakorala - Women's Doubles Winner

NATIONAL TEAM & POOL SELECTIONS

- Taekwondo National Pool Selection 2026 - Lakna Vidanapathirana was selected for the Sri Lanka National Taekwondo Team.
- National Rifle Shooting - Thisangi Geethma was selected for the Sri Lanka National Rifle Shooting Pool.
- National Basketball – Isuru Kodikara was selected for the Sri Lanka National Basketball Pool.
- Savinaka Weerasinghe and Anurangi Masakorala were selected for the Sri Lanka National Badminton Squad 2026.
- Representing Track and Field, Kavya Jayasuriya, Indusara Vidushan and Nethmika Madushani were selected for the Sri Lanka National Track and Field Pool.

NATIONAL-LEVEL SILVER MEDAL ACHIEVEMENTS

- Korean Ambassador's Cup Taekwondo Championship 2026 – Lakna Vidanapathirana won the Silver Medal in the Senior Pair Poomsae.
- Muay Thai National Tournament 2026 – Disaru Mindiya won the Silver Medal.
- 62nd Junior National Athletics Championship 2026 – Nethmika Madushani won the Silver Medal in the Women's Long Jump.
- 62nd Junior National Athletics Championship 2026 – Sanjaya Perera won the Silver Medal in the Men's Decathlon.
- Korean Ambassador's Cup Taekwondo Championship 2026 – Anuka Indurugalla won the Silver Medal in the Senior Pair Poomsae.
- NWPBA All Island Open Badminton Championships 2026 – Anurangi Masakorala – Mixed Doubles 2nd Place
- SPBA All Island Open Badminton Championships 2026 – Anurangi Masakorala – Mixed Doubles 2nd Place

NATIONAL-LEVEL BRONZE MEDAL ACHIEVEMENTS

- Korean Ambassador's Cup Taekwondo Championship 2026 – Lakna Vidanapathirana won the Bronze Medal in the Senior Female Individual recognised Poomsae.
- Muay Thai National Tournament 2026 – Thumula Kethake won the Bronze Medal.
- National Taekwondo Poomsae Championship 2026 – Lakna Vidanapathirana won the Bronze Medal in the Over-17 Individual Female Freestyle Poomsae category.
- 62nd Junior National Athletics Championship 2026 – Indusara Vidushan won the Bronze Medal in the Men's 200m.

ACADEMIC ACHIEVEMENTS

SLIIT encourages students and academics to actively engage in national and international competitions, research, and innovation initiatives. These opportunities have resulted in numerous prestigious awards and recognition, highlighting the talent, creativity, and impact of the SLIIT community. Some notable achievements include:

- Shanelle Tennekoon, SLIIT EEE Graduate (Class of 2023), won two awards at the 2026 WAITTA INCITE Awards, Australia – Research & Development Solution of the Year and Diversity & Digital Inclusion Solution of the Year. She also developed SmartWheel, an AI-powered navigation system for wheelchair users.
- National Award Winner – Best Innovative University Project | Project: Intelligent System for Coastal Erosion Forecasting and Resilient Infrastructure Planning - SLASSCOM National Ingenuity Awards 2026
- Provincial Winner – Best Innovative Product: University Category (Western Province) | Project: FormSync – Cross-Platform Form Generator with Schema-Driven Automation- SLASSCOM National Ingenuity Awards 2026
- Provincial Winner – Best Innovative Product: University Category (Northern Province) | Project: Smart Fish Route Predictor - SLASSCOM National Ingenuity Awards 2026
- 1st Runner-Up – University Category & Western Province Winner | Project: PharmoGuard – Unified AI System for Drug Safety & Clinical Reasoning - SLASSCOM National Ingenuity Awards 2026
- Six SLIIT academics were ranked among the World's Top 2% of Scientists in the 2025 Stanford–Elsevier Global Rankings, highlighting SLIIT's growing research impact and international recognition.
- Prof. Nathali Silva received the Best Researcher of the Year Award at the National IT Conference 2025, organised by CSSL.

ACADEMIC STAFF

Professor Lalith Gamage -Vice Chancellor/ Chief Academic Officer/ Chief Executive Officer

BSc Eng, MSc, PhD, MBCS, C.Eng, MIE (SL)

Affiliate Professor - University of British Columbia, Canada

Adjunct Professor - Curtin University, Australia

Prof. L.L.Ratnayake	BSc Eng (Hons.) Sri Lanka, M. Sc. (Birmingham) , C. Eng., FIE (SL), Int. PE (SL), FNASSL, MCILT (London)
Prof. R.K.N.D.Rajapakse	BSc Eng (Hons) D.Eng, P.Eng.(BC), FCAE, FEIC, FCSCE
Prof. S.D.G.S.P.Gunawardane	PhD.(MuIT, Japan)
Prof. U. G. A. Puswewala	BSc.(Moratuwa), MSc. (AIT, Bangkok), PhD.(University of Manitoba, Canada)
Prof. G. M. S. Kapurubandara	BSc (UOC, Sri Lanka), MSc Comp Sc (AIT,Thailand), PhD (WSU,Australia)
Prof. K. N. Pulasinghe	BSc (Hons) (Moratuwa), PhD (Saga),MIEEE, CMA (Australia)
Prof. T. A. S. S. Thelijjagoda	BA (Sp)(Hons)(Sri J), MEng (Gifu), PhD (Gifu), MIEEE, MIET, MAIS, MCSSL
Prof. H. S. C. Perera	BSc (Hons) (Moratuwa), MSc , PhD (AIT, Thailand)
Prof. E. C. Kulasekere	BSc (Moratuwa), MSc (Miami, USA), PhD (Miami, USA)
Prof. R. S. S. Karunaratne	BSc (Moratuwa), M.Eng, (Saitama, Japan), PhD (Saitama, Japan)
Prof. R. P. N. U. Amarasinghe	BSc. Eng (Moratuwa), MSc. Eng (TU, Thailand) , PhD (KSU, USA)
Prof. H. S. Thilakasiri	BSc Eng(Hons) (Moratuwa), MSc (Lond, UK), PhD (USF, USA)
Prof. P. I. A. Gomes	BSc Eng(Hons) (Moratuwa), MSc (Moratuwa), PhD (Saitama, Japan)
Prof. P.K.W. Abeygunawardhana	BSc Eng (Hons) (Moratuwa), MSc (Keio,Japan), PhD (Keio Japan)
Prof. B. C. N. Peiris	BSc Agriculture (Peradeniya), MSc , PhD (Penn.State, USA) , DSc (SUSL)
Prof. M.D.R.K. Jayathilaka	BA (Colombo), M.Econ (Colombo), MSc (NUS), PhD (Griffith, Australia)
Prof. N. Nagendrakumar	BSc Biz Admin (J'pura), MSc (J'pura), PhD (PIM, J'pura)
Prof. M.L. De Silva	MSc.(Moratuwa)
Prof. M. H. Liyanage	BSc Eng (Hons) (Peradeniya), MEng (AIT, Thailand), PhD (Newfoundland, Canada)
Prof. R.A. Attalage	BSc Eng (Hons) (Moratuwa), M.Eng (AIT, Thailand), D.E.A, PhD (Ecole des Mines de Paris, France)
Prof. P.L.S. Peter	PhD (Netherlands) MSc (USA) MPhil (Netherlands) BSc (special) (Kelaniya)
Prof. H.M.R.P. Herath	PhD (Newcastle, UK) , MBA (PIM) , BBMgt (Kelaniya)
Prof. S. D. Udayanga	BSc (Hons) (Peradeniya) , PhD (Mae Fah Luang, Thailand)
Prof. G. N. Kodagoda	BSc (Hons) (Moratuwa), MPhil (Moratuwa), PhD (SHU)
Prof. J.A.D.C.A. Jayakody	BSc (Hons) (Greenwich, UK), MSc (SLIIT), MIEEE,MIET, CITP, PhD (Curtin)
Prof. T.C. Jayaruk	BSc (Hons) (Colombo), PhD (Alabama, USA)
Prof. D. P. Nawinna	BSc (Curtin), BSc IT (Hons) (SLIIT), MSc (SLIIT), PhD (Curtin, Australia)
Prof. T. W. A. Karunasena	BSc (Curtin), BSc (Sp) IT (SLIIT) MSc (SLIIT), PhD (RMIT)
Prof. K. K. N. A. Jayasuriya	BBM (Kelaniya), MBA (Anglia Ruskin, UK), MBA (Colombo), PhD (MSU)
Prof. H.D.A.K.S. Harasgama	BA (Kelaniya),MSc(Deakin),PhD(Monash)
Prof. U.U.S.K. Rajapaksha	BSc (Hons) (Moratuwa), MSc (SLIIT) PhD SLIIT
Prof. D.I.De Silva	BSc (Hons) (SLIIT), BSc (Curtin), MSc (SLIIT) PhD (Peradeniya)
Prof. J. C. Kasturiarachchi	BSc.(Sp)(Colombo), MSc.(UoH, UK.), PhD.(UoE, UK.)
Prof. M.A.R.M. Fernando	PhD, (Chalmers University of Technology-Sweden), Tech Lic (Royal Institute of Technology - Sweden), BSc Eng (University of Peradeniya)
Prof. W. Rajapakse	Bachelor's of Public Management
Prof. S.D.G.S.P.Gunawardane	PhD (Muroran Institute of Technology, Japan)
Prof. J.A.D.N. Kumara	PhD (University College Dublin, Ireland) , MSc (Eastern Mediterranean, Cyprus) , BEng (Dawood, Pakistan)
Dr. M. D. K. N. Manathunga	BSc IT(Curtin), MSc (Colombo), PhD (Pompeu Fabra)
Dr. W. P. Krishantha	BSc. (Sp) (Peradeniya), MBA. (Peradeniya), PhD.(WUT,China)
Dr. S.R. Yapa	MBA. (J'Pura),MSc.(Moratuwa), PhD.(Colombo)
Pof. H. S. Fernando	BBIT. (Hons) (Deakin),PhD.(Deakin)
Dr. P. D. Dharmaratne	BSc.(Peradeniya),PG Dip (Open University),PG Dip.(Moratuwa), MEng.(Moratuwa), PhD.(Moratuwa)
Dr. M. N. Wijesundara	BEng (Hons) (Warwick), PhD (NUS), CISA, MIEEE, MIET, MAIS, MCSSL
